TREATY WITH GERMANY IN EFFECT DEC. 1

WILSON IN MESSAGE TO HIS CONGRESS WILL DEAL WITH THE PACT

*Will Take Up Subject When Congress Meets
December 1; Bonar Law Says Britain Will
Take Lead in Making League a Real Power*

Washington, Nov. 21.—President Wilson will take up the whole subject of the Treaty of Versailles in his message to Congress December 1, it was officially announced to-day at the White House. Until then he will have nothing to say concerning the Senate's action in rejecting the treaty.

London, Nov. 21.—"The inability of the United States representatives at Paris to deposit President Wilson's ratification of the German treaty at the same time as those of the other powers are filled will not prevent the remaining Allied and Associated Powers from proceeding to carry the treaty into effect," said Rt. Hon. Andrew Bonar Law, Government Leader in the House of Commons, to-day, in answer to numerous questions regarding the status of the treaty as a result of the United States Senate's action.

In answer to a question from Sir Donald McLean, Mr. Bonar Law said:

"Without doubt there will be no slackening in the determination of Great Britain to do all in her power to take the lead in seeing that the League of Nations becomes an effective instrument of human progress. I think it would be a mistake to assume that all possibility of help from the United States is gone."

Change of View.
Referring to the possibility of any alteration in the date of formal ratification of the treaty, which he said had been tentatively set for December 1, Mr. Bonar Law said:

"That must depend on whether there is a possibility of a change in the view of the Senate at its meeting in December."
A Joint Affair.
Asked whether the action of the United States would affect the Anglo-French-American treaty, he declared:

"Our understanding is that treaty, which so far has not been ratified by the United States, was contingent upon its also being carried by the United States—another situation which might create a new condition of affairs."

FOOD CONTROL IN UNITED STATES

Power Given to Attorney-General; First Deals With Sugar

Washington, Nov. 21.—In an effort to meet the situation resulting from the present acute shortage of sugar, President Wilson to-day reviewed the war-time power of the Federal Government over the nation's food supply. In a proclamation the President transferred to Attorney-General Palmer the broad authority exercised by Administrator Hoover during the war.

While it is Mr. Palmer's present intention to exercise this authority only so far as sugar is concerned, he is prepared to use it to meet any similar situation affecting food supplies.

Priced Sugar.

Among the first acts of the Department of Justice, it is understood, will be the establishment of a price of 12 cents a pound wholesale for all sugar, except the Louisiana crop, the price of which already has been fixed at 17 cents. This increase of price is said to be necessary to prevent a famine during the early part of next year.

Sharp curtailment of sugar consumption by candy and soft drink manufacturers also will be ordered, as officials declare the present shortage is due in a measure to the increased consumption of candy and soft-drinks which has followed the enforcement of prohibition. Details as to this curtailment remain to be worked out.

At 14 Cents.

While the margin between the wholesale and retail price of sugar has not yet been determined, officials are known to have tentatively considered 1.54 cents, making the retail price approximately 14 cents a pound. This, however, is subject to change, depending upon a variety of conditions.

BOARD COMMENDS TORONTO DEALERS

*Clothing Dealers There Agree
to Take Smaller
Profits*

Board of Commerce Says
Their Action Is
Patriotic

Toronto, Nov. 21.—The Board of Commerce issued here to-day an order of agreement with local clothing dealers, prohibiting a gross profit of more than thirty-three and one-third per cent. on sales of ready-to-wear and partly ready-to-wear clothing. On less expensive suits costing the retailer under \$25, the Board allows even a smaller profit, namely twenty-six per cent. maximum. Out of this gross profit the retailer must pay his rent, taxes, salaries, etc., and provide for depreciation and other overhead contingencies.

On December 15
The order will go into effect in Toronto December 15, and the Board says that "if there is no good reason why it should not go into effect throughout the Dominion, it will become Dominion-wide." The order is signed by Chairman Robson and Commissioners Connor and Foster.

Statement
A statement given out to-day concerning the order of the Board says: "About fifty per cent. of the ready-to-wear suits to-day cost the retailer \$25 and under, so the saving to the public will be large."

"The Toronto section of the retail clothing and those outside it who have agreed to co-operate in carrying out the order are thus prepared to take a very substantial reduction in their receipts."
Patriotic
"The Board of Commerce is engaged in a hard fight trying to reduce the cost of living. In that struggle these Toronto merchants have given a very fine and patriotic lead. It is a lead to the merchants of other cities in Canada. It is a lead for every class of which produces, manufactures or which deals in necessities of life."

Italian Aviator Flies 170 Miles in Hour; New Record

Paris, Nov. 21.—A new speed record for airplanes is claimed for an Italian aviator in a dispatch received to-day from Rome. The message says that an Italian machine piloted by an Italian flew 274 kilometres (about 170 miles) in one hour at the aviation field at Montecchio yesterday. The name of the aviator was not given.

IN POLITICAL ARENA.

Winnipeg, Nov. 21.—Composed of members of all the returned soldiers' organizations in Greater Winnipeg, a gathering of more than 4,000 veterans decided last evening to amend the constitution of the several veterans' associations and to be ready at any moment to enter the political field, either in municipal, Provincial or Federal affairs.

WORLD AWAITING DECISION OF U. S.

London Papers Deal With
American Senate and
Treaty

London, Nov. 21.—Keen regret tempered by hope, on the one hand, and outspoken approval of Senator Lodge and his supporters, on the other hand, are the outstanding notes in the London newspaper comment on the United States Senate's action on the Versailles peace treaty. The Daily News, a warm advocate of the League of Nations and admirer of President Wilson, says that although the situation is grave, it is not yet desperate, and looks forward to the reintroduction of the ratification resolution with the hope that "the ten days between now and the next session will be fraught with issues momentous for the world."

"The world will await the decision," it adds, "with an anxiety it need not affect to conceal. A League of Nations with which the United States would not be associated would find its power and moral authority lamentably curtailed."

National Sentiment.
The Morning Post thinks that the obvious reason for the Senate's objection to the covenant of the League of Nations was that there "are in the United States still citizens who have robust faith in their own nation and heartfelt pride in the sovereign freedom of the United States."

"When they found their President bent on transferring their rights and independence and subordinating the United States to a common council on which their country must always be in the minority," the newspaper adds, "their pride of race and nationhood revolted."

(Concluded on page 4.)

OVER THOUSAND BENEFIT BY CIVIL SERVANTS' REGRADING

The report of Civil Service Commissioner MacInnes dealing with the salaries to be paid under the regrading has been approved by the Executive Council. Copies of the new schedules of salaries are being distributed to-day to the various Departments to enable them to make out the salary vouchers for November on the new scale. The new scale of remuneration is to date back to April 1, 1919. In the case of those who have been appointed or reinstated or promoted since that date the new rate will take effect from the date of such change in position. Vouchers will be prepared at once for the payment of the difference between the total salary at the new rate from April 1 to October 31, and the amounts that have already been paid by way of salary and bonus.

Over 1,000 Affected.

Over one thousand members of the service are affected by the increases now granted. Of these nearly six hundred were in the service in March, 1914. For purposes of comparison, these have been divided into three classes, viz.: (1) men then receiving \$125 or more per month; (2) men then receiving less than \$125 per month; and (3) women. There are 175 of the first class who received in March, 1914, an average salary of \$171.59 per month. The average for this group was \$181.49 in March, 1917, \$192.35 last year and under the new schedule the average for the current year becomes \$203.95.

In the second class there are 356 who in March, 1914, received an average of \$87.55, in March, 1917, an average of \$97.55, and in March, 1919, an average of \$107.55.

PROBABLY WILL BE PRESIDENT OF FRANCE; GEORGES CLEMENCEAU

CLEMENCEAU AS FRENCH PRESIDENT

Will Succeed Poincare in
January, Says Former
Premier Viviani

Paris, Nov. 21.—Interviewed by a representative of the newspaper Oeuvre relative to the political situation, Rene Viviani, former Premier, stated that Premier Clemenceau will remain in his present office until January, and then become President of the Republic.

Mr. Viviani is quoted as denying any intention to become a candidate for the Presidency of the Chamber in opposition to Paul Deschamps.

Seat For Foch.

Paris, Nov. 21.—Marshal Foch has been offered the nomination for Sarin, in the Department of Finis-terre, according to The Presse de Paris, which says he has accepted the nomination on condition that all parties will unite in supporting him.

SHORTAGE OF COAL INCREASES IN U. S.

Food Supply May Feel Effects; Production Not Improved

Chicago, Nov. 21.—The daily increasing shortage of coal to-day had begun to menace additional industries and threatened the food supply of the United States, with the further prospect of a sweeping curtailment of passenger traffic within twenty-four hours. Two Chicago packing plants "have about two weeks' supply" of coal left, it was announced to-day.

The immediate future of the steel industry to-day was causing concern, and in the Chicago district the Cern Products plant at Argon, Ill., announced suspension. Its other plant at Pekin, Ill., already had been closed.

Production
In the general situation as regards the mines themselves but slight changes were apparent to-day. They did not point to increased production. The week's supply ration for Chicago and the northwestern region, which extends to the Pacific Coast, was in effect to-day.

Forty Per Cent.

Washington, Nov. 21.—The bituminous coal miners to-day abandoned their demands for a thirty-hour week and a 60 per cent. increase in wages. In a counter-proposal to the operators in conference they said they would accept a 40 per cent. wage increase and a seven-hour day.

Called Off.

Denver, Col., Nov. 21.—George O. Johnson, district president of the United Mine Workers of America, early this morning announced that the strike of the bituminous coal miners in Colorado, which had been ordered for Friday midnight, had been called off in accordance with the injunction issued late last night by District Judge Clarence J. Morley, of Denver.

(Concluded on page 4.)

Ratifications of the British-French Pact Are Exchanged

Paris, Nov. 21.—Stephen Pichon, French Foreign Minister, and Sir Eyre Crowe, Assistant Under-Secretary for Foreign Affairs of Great Britain, last night exchanged ratifications of the treaty guaranteeing British aid to France if without provocation France should be attacked by Germany.

SERBIAN DELEGATION WILL SIGN TREATY WITH AUSTRIA

Paris, Nov. 21.—Dispatches received from Belgrade state that the Serbian Government has authorized that country's delegation at Paris to sign the treaty with Austria which Serbia did not sign at St. Germain on September 12.

Paris, Nov. 21.—The Supreme Council decided this morning to give Poland a mandate over Eastern Galicia under the League of Nations for a period of twenty-five years. At the end of that time the League is to determine the future of the territory.

Spokane Citizen is Robbed Second Time at the Same Spot

Spokane, Nov. 21.—Within a few feet of the place where he was robbed last July of \$75, E. Oglesbee early to-day was knocked down and robbed of \$24, he told the police, and then exchanged shots with one of two unknown men who had robbed him. Although Oglesbee and the robbers were only a few feet apart, neither shot took effect.

138,997 BOTTLES EMPTIED IN SEWER

Smuggled 294 Per Cent. Beer
Destroyed at Zion
City, Ill.

Zion City, Ill., Nov. 21.—From a platform six feet high, 138,997 bottles of 24 per cent. beer, to-day were emptied into a specially fitted trough that ran to an open sewer.

Mayor Clendenning poured the first bottle and Chief of Police Becker and his aides finished the operation. The beer was ordered destroyed by Circuit Judge Edwards, after it had been confiscated when seized from smugglers from Wisconsin.

To China.

St. Louis, Mo., Nov. 21.—Federal Judge Pollock to-day granted a temporary injunction against enforcement of the Volstead War-time Prohibition Enforcement Act. In effect Judge Pollock sanctioned the lifting of the lid on beer in St. Louis.

Beer of 2.75 alcoholic content was declared to be non-intoxicating in a decision handed down here to-day by Judge John C. Pollock, of the United States District Court, in which he granted a temporary injunction restraining enforcement of the War-time Prohibition Act against St. Louis brewers.

St. Louis, Mo., Nov. 21.—An exodus of brewers to China will undo accomplishments of prohibitionists there, Dr. Mary Stone told the convention of the National W. C. T. U. here.

Dr. Stone, whose Chinese name is Shi Ha Lei, is national president of the W. C. T. U. in China.

"It is a crucial time in our prohibition campaign," she asserted, "and we need the help of prohibition forces the world over."

German Gun Goes to Kamloops for Its Victory Loan Record

Vancouver, Nov. 21.—Kamloops wins the captured German gun to be awarded to the British Columbia district making the best showing in the Victory Loan campaign, according to an announcement from Provincial headquarters this morning.

The total for the province is now nearly 1,000,000 ahead of last year. The figures are: 1919, \$37,098,237; 1918, \$36,256,812.

600 Montenegrins Going to Occupy Port of Cattaro

Rome, Nov. 21.—Six hundred Montenegrin volunteers left Brindisi on Tuesday to occupy Cattaro, Albania, according to a report which has reached this city. The city is at the southeast extremity of the Gulf of Cattaro, and is the chief port of entry for goods consigned to Montenegro.

MOORE PREPARED FOR INTERVENTION NOW

States Formerly Would Have
Needed 450,000 Men For
Mexican Expedition

Washington, Nov. 21.—State Department officials, in discussing the Mexican situation to-day, disclosed that three years ago the General Staff estimated that an army of 450,000 men and three years would be required for complete intervention in Mexico by the United States.

Officials did not say what the present estimate of the General Staff was, but it was understood to be less than that prepared before the world war, due to the development of new instruments of warfare and an enormous increase in American war materials of all kinds, particularly motorized transports, aeroplanes and artillery.

Discussing the case of William O. Jenkins, American consular agent at Puebla, who was re-arrested last Tuesday on charges in connection with his abduction by bandits, officials said because of the Mexican Government's laxity in trying to put down the revolution, it had failed to give proper protection to Jenkins, and that consequently he might have grounds for claim against the Mexican Government, for the ransom money paid to his captors.

A Conflict Between Board of Commerce and Wheat Board

Ottawa, Nov. 21.—The position taken by the Canadian Board of Commerce is that it is unable to control the prices of milk and milk products so long as the Canadian Wheat Board refuses to approve a reduction in the selling price of mill feed, according to F. C. T. O'Hara, Deputy Minister of Trade and Commerce.

Mr. O'Hara went on to say that to overcome the conflict between the two Boards it would be necessary for the Government to announce a straight policy regarding these questions.

REPORT SAYS MOSCOW NOW SURROUNDED BY INSURGENTS

London, Nov. 21.—Moscow is surrounded by insurgents and the Bolsheviks regard the rebellion as of capital importance, according to Helsingfors advices which the Exchange Telegraph is circulating to-day with reserve.

The dispatch states Tomburg, in the Urals, has been sacked by a hostile army of 55,000 men.

Rostov, Russia, Nov. 20.—(French Wireless Service).—Twenty thousand men of the Galician army, composing the left wing of Simon Petlura's corps, which includes the Wolfklaus and Mikitka brigades, have joined General Denikine's army.

Russian officers will replace the Galician officers, and the Galicians will be transferred to another sector on the front of the volunteer army.

Helsingfors, Nov. 21.—The position of General Petlura, who recently declared hostilities against General Denikine in Southern Russia, is critical and he is expected soon to lay down his arms, according to a dispatch received here from Nikoliev, a city about forty miles from Kherson.

COUNCIL SETS DEC. 1 AS DATE FOR FORMAL TREATY RATIFICATION

*German Agents Have Not Stated Yet Whether
They Will Sign Protocol; White Attends
Council Meeting as U. S. Delegate*

Paris, Nov. 21.—The Supreme Council to-day agreed upon December 1 as the date when the German peace treaty will be formally ratified.

Further informal discussions have been held with the German representatives now here in connection with the notification by the Allies that a protocol must be signed by Germany guaranteeing fulfillment of the armistice conditions. These discussions have been confined chiefly to the methods of procedure in considering the protocol. As yet the Germans have not stated whether they will sign the document.

The United States delegation is still without instructions as to its participation in the Peace Conference following the failure of the Senate to ratify the treaty, but Henry White attended the meeting of the Supreme Council to-day as representative of the United States, Under-Secretary Polk being absent in London, and the entire delegation is continuing its work in the belief that a compromise ratification resolution will be agreed to in the United States.

TO HARNESS RHINE FOR FRENCH USE

Waterpower Plans; Clavelle
to Be President of Commission

Paris, Nov. 21.—Albert Clavelle, at present French Minister of Public Works, is to be appointed President of the International Rhine Commission as soon as the treaty with Germany goes into effect, it is reported here. This step is being taken, according to reports, to obtain the fullest advantages arising out of the special rights regarding the Rhine which were accorded France by the treaty.

Big Scheme.
M. Clavelle already has worked out a most elaborate scheme, which includes in addition to an intensive development of export and import traffic, a series of huge waterpower plants at which huge turbines will generate electric power, which will be transmitted to Paris to carry on industrial work. It is stated the capacity of the plants here will be doubled almost without cost.

Jules Cels, a member of the Chamber of Deputies and Under Secretary for the Navy, is expected to be appointed to succeed M. Clavelle as Minister of Public Works.

ROOSEVELT'S GRAVE VISITED BY PRINCE

British Heir-Apparent
Receives School Children on
Battle-cruiser

New York, Nov. 21.—The Prince of Wales began the last full day of his visit to New York to-day with a trip to the grave of Theodore Roosevelt at Oyster Bay. The Prince placed a wreath on the late ex-President's grave.

Luncheon at the Piping Rock Club and a reception by the Prince to school children on the British battle-cruiser Renown was the programme for this afternoon.

To-night the Prince will be the guest at a dinner of the Pilgrims, with Chauncey M. Depew presiding. He also will visit the Hippodrome and attend a reception.

AN APPEAL.

Bismarck, N. D., Nov. 21.—A petition asking the State Supreme Court to overrule the order of District Judge Nussle, which directed the state to return mining properties to their owners, is expected to be filed in the Supreme Court to-day by counsel for Governor Lynn J. Frazier.

Vancouver, Nov. 21.—The Board of Railway Commissioners opened a two-day session at the courthouse here this morning, at which many matters of great public interest will be heard.

The principal interest will be centered on the B. C. Electric Railway Company tangle. The removal of the company from the jurisdiction of the Provincial Public Utilities Commission and placing it under control of the Railway Board, the subsequent explanation of the announcement that the Railway Act would be amended in order to place the B. C. Electric Railway under provincial control and the abandoning of this remedial legislation at the last session of the House, will all be dealt with before the Board by the Attorney-General, the City Solicitor, of Vancouver, and the representatives of the municipalities involved.

The question of an increase in telegraph rates is another matter of public importance to be dealt with.

STORM WAS COSTLY.

Winnipeg, Nov. 21.—The blizzard of November 10 cost this city \$15,000 partially to clear the streets, according to the Street Commissioner. The city will not clear all the sidewalks this winter, owing to the cost.

Fine Millinery

Featured in an Exceptional Sale for To-day and Saturday

At \$4.95

Two hundred beautiful Fall and Winter Hats, most of them, if marked regularly, would be at least double, and many even three and four times this price.

A most extensive showing of unusual millinery value, in the wide range of styles, colors, shapes and sizes revealing a thoughtful consideration of different types and faces.

What more could the heart of Woman desire than to have at her disposal such a choice of Beautiful Millinery

At \$4.95

Early shopping is advised to assure against disappointment.

Phone 2818

BRITISH LEADERS SAY NOTHING ABOUT STATES AND TREATY

London, Nov. 21.—Nearly all the British public men are silent concerning the United States Senate's dealings with the peace treaty. The reason for this is that they understand United States citizens regard the question as a United States domestic political affair, and fear that any expressions from them might give offence and be taken as attempts to influence United States politics. Lord Robert Cecil and Lieut.-General Jan Christian Smuts were the British sponsors for the League of Nations, and are largely responsible for the details thereof, and both have registered their disappointment at the latest turn of events. General Smuts in his appeal to the United States and Lord Robert Cecil in a brief speech in the House of Commons on Monday.

Lord Robert stands on that speech, and refers all questioners to it as being all he has to say on the subject for the present.

TRIBE SURRENDERS TO SPANISH TROOPS

London, Nov. 21.—The greater portion of the Gomar tribe, one of the most important and best armed tribes in Spanish Morocco, has submitted to the Spanish troops without fighting. This information is contained in a dispatch from a correspondent of "Morocco," a newspaper appearing in London.

A TORONTO DEATH.

Toronto, Nov. 21.—Captain J. R. Phillip, one of the oldest sailors in Canada, died in this city yesterday in his eighty-fifth year. He was born in Cornwall, England. For a great many years he sailed the Great Lakes and made his home in Cobourg, Ont.

Piles Cured in 6 to 14 Days. Druggists refund money if PIAZO OINTMENT fails to cure. Itching, Bleeding or Protruding Piles. Stops Irritation; Soothes and Heals. You can get restful sleep after the first application. Price 60c.

F. L. CARTER COTTON PASSES TO REST

Had Notable Career as Journalist, Financier and Politician

F. L. CARTER COTTON

Vancouver, Nov. 20.—Francis L. Carter-Cotton died at his home this morning at eleven o'clock. Since his rescue from a fall into False Creek last September his recovery had not been expected.

He was born in Yorkshire, England, in 1847. He first resided in the western states, crossing to Canada early in the eighties. He did not take up his residence in Vancouver until 1888, shortly afterwards establishing The News-Advertiser at Vancouver, with which he was associated for a quarter of a century. In the editorial chair of that newspaper he was regarded as one of the ablest writers in the province, and as a financial expert he was actively identified with the up-building of modern Vancouver. During 1906 he was Editor of The Colonist, conducting the paper for several months as well as The News-Advertiser.

His Career.

With Mr. J. W. Horne, he was elected the first member from Vancouver in the Provincial Legislature. He was re-elected in 1894 and 1898, but was defeated in 1900. In 1903 he was elected for Richmond, and sat as representative of that constituency until the last provincial election. He was minister of Finance and Agriculture from 1898 to 1900 in the Selwyn Government, Chief Commissioner of Lands and Works from 1899 to 1900, and President of the Council from 1904 to 1910 in the McBride Government. During the time that he served in the Legislature he offered on behalf of the Province to guarantee a portion of the cost of the Pacific cable. It was later laid down without expense to the Province.

Mr. Carter-Cotton was first president of the Royal Society for the Advancement of Learning, to which position he was elected in 1903. In the same year Mr. Carter-Cotton endowed a chair of pure and applied mathematics in the B. C. branch of McGill University. He was also first Chancellor of the University of British Columbia, was an honorary member of McGill University, and had the honorary degree of LL.D. conferred upon him.

The Federal Government appointed him first chairman of the Vancouver Harbor Commission in 1913, a position that he held until recently. He was one of the founders and charter members of the Vancouver Board of Trade, and was elected without opposition as its president in 1913. During the time that he sat in the Provincial Legislature Mr. Carter-Cotton performed the feat of travelling 1,100 miles from Vancouver to the Cariboo, 560 miles of which was done on horseback. This remarkable trip was undertaken in May, 1909.

The late Mr. Carter-Cotton leaves, besides his widow, two sons and a daughter, Cecil F. Cotton, of Vancouver; A. H. Cotton, of Savona, and Miss E. W. Cotton, who resides in Vancouver.

BRITISH MONEY FOR DOMINION IRON AND STEEL COMPANY

Montreal, Nov. 21.—At a meeting of the board of the Dominion Steel Corporation and its constituted companies yesterday, it was decided that the Dominion Iron & Steel Company will sell to a London syndicate composed of prominent British financial and business men, 50,000 shares of the common stock of the Dominion Steel Corporation. This is to be new stock which the Iron & Steel Company will acquire from the parent corporation, and will not affect in any way the 50,000 shares which are held by the Iron & Steel Company. The price paid will be \$70 a share.

Following this policy of closer British relations, the syndicate, Mr. Workman stated, will appoint from its members an advisory committee for the express purpose of co-operating with the present Dominion Steel board in connection with its interests in Great Britain. Among the members of the syndicate are Viscount Furness, Sir William Barmore, Sir Trevor Dawson, Sir Harry McGowan, Ben Tabor and Henry Steele, all of whom are outstanding figures in their respective fields.

A quarterly dividend on the Dominion Iron & Steel Company preferred shares at the rate of seven per cent, and of the Dominion Steel Corporation common, a dividend of six per cent, were authorized.

A CARNEGIE OFFICIAL

Saskatoon, Nov. 21.—President W. C. Murray, of the University of Saskatchewan, has been elected a member of the Board of Trustees of the Carnegie Foundation of New York, according to word received here.

STUDENTS STARTED RIOTING IN CAIRO

London, Nov. 21.—A dispatch from Cairo last evening said it was students carrying Egyptian flags and shouting "Down with Milner" who began the recent rioting there. Roughs joined with them and got the upper hand of the native police. The infantry units were compelled to fire on the mobs storming the police stations, further infuriating the rioters.

British troops finally restored order, driving off the demonstrators, who were armed with rifles and sticks.

of Commons yesterday, Rt. Hon. Edward Shortt, Home Secretary, referred to the immense amount of anti-British propaganda with reference to Egypt purporting to emanate from the American press and circulated here in form of pamphlets. He declared that it was most difficult to take action looking toward suppression. He explained that seditious utterances and allegations of atrocities by British soldiers were first distributed to newspapers in the bureaux there; then they were clipped from these papers and republished in Great Britain as expressions made by American newspapers.

To save time and labor in black-leading, moisten the blacklead with ammonia, and a brilliant and lasting polish will result.

PEOPLE OF SERBIA SUFFERING GREATLY

Paris, Nov. 21.—Conditions in Serbia are appalling, and reconstruction work is proceeding with discouraging slowness. Dr. Milenko R. Vesnich, of the Jugo-Slav delegation to the Peace Conference, told correspondents here yesterday.

The whole trouble lies in the crippled condition of the railroads to Serbia, he declared. Serbia was over-

run three times by her enemies, but the Bulgarian invasion, being conducted along lines of thorough devastation, resulted in only one railway bridge being left intact in the kingdom. It now requires three days to make a railroad trip from Salonica to Belgrade, while trains from Nish traveling in a northerly direction average five miles an hour.

One clause of the Bulgarian treaty with which the Serbians find fault is that concerning reparations. The delegates pointed out that Serbia, an agricultural country, had been virtually stripped of its cattle by the Bulgarians.

GREAT BRITAIN WILL GO AHEAD.

By a decision of the Supreme Council to-day, the German Peace Treaty will be formally ratified on December 1. Simultaneously with this announcement Mr. Bonar Law declared in the House of Commons this afternoon that the inability of the United States representatives at Paris to deposit President Wilson's ratification at the same time will not prevent the remaining Allied and Associated powers from proceeding to carry the treaty into effect.

It was not to be supposed for one moment that the action of the United States Senate would deter Great Britain, France, and their Allies from the important purpose involved in the ratification of the Treaty. But it is exceedingly regrettable that for the time being political considerations should close the door to America's duty to civilization and set at defiance the will of the great majority of her people.

Nobody will suggest, of course, that the United States can hold aloof indefinitely. Unless we are very much mistaken public opinion to the south of the line will interpret Mr. Bonar Law's statement in the House of Commons this afternoon in the light of a challenge to the good faith of the United States. So much the better if it does. Naturally the average American assails the achievements of General Pershing's men at a higher percentage than a Senate majority which seeks to detach the great Republic from its obvious duty.

Moreover, if the Senate maintains its present attitude the average American probably will realize before very long that his new relationship with and his obligations to the rest of mankind cannot be isolated by the ocean barrier which kept his country aloof from the costly European entanglements of other days. Nor is he in the mood for a political anaesthetic. Men and women are doing a good deal more thinking for themselves nowadays. And it will not take the people of the United States very long to discover that the Senate's action virtually destroys the advantages to be derived from participation in the joint treaty; snatches from her the full benefit of a victory to insure which more than sixty thousand of her sons laid down their lives in France.

There is, however, a note of hope in Mr. Bonar Law's statement to the British House. He declares that it would be a mistake to assume that all possibility of help from the United States is gone. In the meantime he promises that Great Britain will take the lead in seeing that the League of Nations becomes an effective instrument of human progress. The League—as a means to protect the world from future wars—owes its origin to the United States, its enthusiastic launching to President Wilson and a majority of the people. Surely the Senate will hear from that majority in one or other of the many forms typical of American determination when it knows its mind and wants its way.

MR. CARTER-COTTON.

Not only in Vancouver, but in all parts of the Province, the news of the death of Mr. F. L. Carter-Cotton will have been received with profound regret. During his long residence in British Columbia his public service has singled him out as one of that fast disappearing band of pioneers whose part in shaping Canada's "last west" was indeed a many-sided one. As a member of the Legislature and at different times during his parliamentary career as a Cabinet Minister he demonstrated an executive ability, which won for him at all times the admiration and respect, not only of his more intimate friends, but also of that larger body of people who knew him by his works alone. In the minds of British Columbia newspapermen Mr. Carter-Cotton occupied an honored place. As the founder of The Vancouver News-Advertiser, by his long association with that journal, and by his practical interpretation of a newspaper's mission, he earned the highest respect of his fellow craftsmen. His chosen profession, his manifold accomplishments in general, and his legislative service were ready at all times where the interests of British Columbia could be advanced by their joint or individual application. This Province has too few of Mr. Carter-Cotton's type. By his death British Columbia has lost a distinguished citizen.

A NOVEL CASE.

There appears to be nothing in the British North America Act to prevent this Province from passing an Act such as the British Columbia Prohibition Act. But the British Columbia Court of Appeal now has the opportunity to say whether an infraction of the statute to the extent of selling liquor may be construed as a crime in the full sense and import of the term and, as such, punishable by prison sentence.

The case before their Lordships at the present time is that of a man accused of selling liquor in contravention of the British Columbia statute, which imposes a prison term for this offence without the option of a fine. In appealing the sentence his counsel contends that the Province has not the right to provide procedure which sends a man to jail as long as the British North America Act claims exclusive Federal jurisdiction in all questions of criminal law and criminal procedure.

The case in point is an exceedingly novel one, because it raises the whole subject of Provincial jurisdiction in a matter of prime importance. Obviously the Province relies upon that section of the B. N. A. Act which relegates to it the power to impose punishment by fine, penalty, or imprisonment for enforcing any law of the Province made in relation to any matter coming within specified classes of subjects.

Imposition of the severer penalty for infractions of the British Columbia Prohibition Act, therefore, obviously must be regarded as a course prescribed for the enforcement of a Provincial law—a matter within the right of the local Legislature. If this is not the case, the setting aside of that section of the prohibition Act imposing the prison sentence would open up a large field of controversy in which all Provincial rights might easily become involved.

NO CAUSE FOR ALARM.

If any tendency should develop among Britishers to become dismayed over the low rate of exchange in New York it should be remembered that when Sterling drops to a certain point it administers its own corrective. Moreover, one thing is obvious now, either the American exporter of goods to Great Britain must volunteer to do without the business or limit his "killing" and accept the theory that the whole British Empire is behind the pound sterling. If he does not choose to do this the British buyer will be compelled to limit his purchases in the United States until the Old Land is in a position to increase her exports and automatically improve her financial condition on Wall Street. The final and heavier sufferer will not be Great Britain. Hence, it would appear to be the better policy for the American exporter to curtail his sport with Sterling.

A MARINE INQUIRY.

When the subject of a Canadian Merchant Marine is uppermost in the minds of all those anxious to see this country come into her own as a maritime nation, the Federal authorities ought not to give themselves away. While it must be admitted that a coal embargo is not put on every day it was scarcely to be supposed that an ordinary application for the requisite license to purvey a considerable quantity of "black diamonds" to a well known liner would reveal a lack of marine intelligence almost unbelievable. The Ixion—with four thousand coolies aboard—required fuel to take her to the Orient. Vancouver Island Coal operators applied for license to supply it. Ottawa wired back asking the registry of the Ixion—one of the best known vessels of the Blue Funnel fleet—her tonnage, and reasons for such a large amount of fuel. If the Department responsible for this "bright" inquiry really lacks information of this kind and has never heard of Lloyd's Shipping Register there is now an opportunity for the Minister of Marine to save the cost of more telegrams by loaning his own copy while the "embargo" is in effect.

SHOULD BE USEFUL BODY.

While Mrs. Besant and her co-partners are busy evolving plans for the "deliverance" of India from the "intolerance" of British rule the Indian Government has decided upon a policy which should go a fair distance to discourage a mis-directed campaign and at the same time remedy some of the disturbing factors which have hampered Indian administration for a considerable time. It is proposed to create a permanent Chamber of Indian Princes as a consulting body from which it is presumed the Government itself may get into closer touch with native aspirations and native sentiment.

While modern political life has developed peculiar tendencies and uncertain reflections of the public mind to a point where "upper chambers," called by any name you like, are regarded as Government superfluities, their function as a "brake" on some matters of national policy from time to time has shown them to be useful factors for sound government. With India, however, a Chamber of Princes could not be termed a parallel to the Canadian Senate or the British House of Lords. On the contrary the ruling Princes of the Indian Empire know and represent their people, while their loyalty to British rule—as evidenced by their magnificent gifts to the Empire during the war—would seem to assure both contentment for the masses and better government as a result of the policy recently announced.

FULL INFORMATION NECESSARY.

It must not be supposed that any announcement of Government policy will follow to-day's sittings of the Municipal Taxation Commission. The hearings now in progress are in fulfillment of a pledge made to the Municipalities by the Hon. John Hart, Minister of Finance, during the last session of the Legislature. When all parties have been heard from, when the individual pleas of every Municipality are backed up by documentary evidence, it should then be comparatively easy for the Government to place its cards face upmost and announce its intentions. In the meantime, however, advocates of more sources of civic revenue and the relinquishment by the Government of some of its own will aid both parties involved by the submission of all possible information bearing on the subject. This is precisely what the Government needs and what it hopes to get as a result of its inquiries throughout the Province.

TAKE YOUR PICK.

(Woodstock Sentinel-Review.)

Some politicians who supported prohibition were snowed under at the recent provincial election. Some politicians who opposed prohibition were buried out of sight. Some politicians who refused to take any stand on prohibition were returned triumphantly. The lesson is—well, the lesson to be drawn depends upon the lesson you want to draw.

NOT EVEN AS EXCUSE.

(New York Telegram.)

Dry law breeds Bolshevism, is Gompers' view. No doubt of it, but the dry law isn't the only thing to blame for sedition, Mr. Gompers. Nor will it be permitted to be used as an excuse.

DESIRE CATTLE EMBARGO LIFTED

Ottawa Authorities Make Representations to Authorities in Britain

Ottawa, Nov. 21.—It was announced to-day by the Department of Agriculture that the Dominion Government is making special efforts to have the Imperial authorities reconsider the recent announcement made by the President of the Board of Agriculture that it would be inadvisable to remove the present embargo on the importation of Canadian steer cattle into Great Britain. The Government proposes to make an effort to bring the whole situation in regard to the embargo on Canadian cattle to the attention of the Government and the people of the mother country.

Finishing

While large areas are available for raising cattle in Canada, there are relatively few facilities for finishing them, making it necessary to market yearly large numbers of unfinished cattle. Large numbers of these which find a ready market in the United States might be marketed with just as much advantage to the Canadian and more advantage to the British farmer by the removal of the embargo.

At present large numbers of Canadian cattle are sold to the packers. If an alternative market for the live animals were available it would give Canadian stockmen a much greater feeling of security and would aid materially in the development of Canada's livestock industry.

Competition

English and Scottish feeders would benefit because of the competition between Canadian and Irish cattle, the latter being their only source of supply at present. There always has been a strong feeling on the part of the Scottish farmers that the embargo should be lifted for this reason.

WORLD AWAITING DECISION OF U. S.

(Continued from page 1.)

Worthy of Free Men.

The Journal regards the attitude of the Republican Party as "worthy of free men and citizens or the great republic and a refreshing change from the international spirit which has grown sick of the native hue of British patriotism."

The Morning Post remarks the League has begun its "ill-omened career, endangering, and possibly wrecking, a great peace treaty." The newspaper declares President Wilson "altogether misread the temper and spirit of his own countrymen. Everybody knew that to him in Paris, where he received such service adulation from British Ministers that his judgment may have been upset," it adds.

SHORTAGE OF COAL INCREASES IN U. S.

(Continued from page 1.)

Guarded by Troops.

Seattle, Nov. 21.—Troops from Camp Lewis, Tacoma, were posted at Bayne, Wash., to-day to guard coal miners who desire to work at the mines of the Carbon Coal & Clay Company there, according to word received here. The reports said the mines were reopened but did not state the number of miners returning to work.

Major-General John F. Morrison, commander of the army post at Camp Lewis, said over the telephone to-day that he had sent troops to Bayne last night.

Bayne is located in the southern section of King County. The mines there are the first large mines to reopen since the strike started.

Canada.

Ottawa, Nov. 21.—While there is not inclination on the part of the Dominion Government to underestimate the serious nature of the fuel situation in the United States, it is understood that neither the Government nor C. A. Magrath, the Fuel Controller, is quite satisfied with the present attitude of the United States Railroad Administration toward the requirements of Canada. However, it is pointed out it is necessary for Canada to assume her share of responsibility in this emergency and show the United States administration that the people are doing everything within their power to conserve their present supplies, and they also are doing everything within their power to increase their production and thereby take care of as much of their demands as possible.

Licenses.

In an official memorandum issued to-day it is pointed out that one of the first necessities is to prohibit export of coal to foreign countries before the country could help the United States, whose production in the seventy per cent, to supply eastern Canada with coal. This already has been done and the export of coal is now controlled by the Canadian Trade Commission under license. The Government is confident, says the statement, that now that the United States Railroad Administration has its own fuel situation in hand and is assured that Canada is doing everything in her power to co-operate with it, the United States authorities will favorably consider applications for emergency coal which Mr. Magrath may find it necessary to present to them.

In order that there may be the

POUND STERLING WORTH MORE TO-DAY

Rose to \$4.04 3/4 at New York; Anxiety in Britain

New York, Nov. 21.—Foreign exchange rates were considerably improved on the local market to-day. The pound sterling, which fell yesterday to \$3.99 1/2, brought \$4.04 3/4 in to-day's transactions. Franc cheques were quoted at 9.67 to the dollar, four centimes above yesterday's close. Lire cheques rose three centimes to 12.27 for the dollar.

Anxiety in Britain.

London, Nov. 21.—The condition of United States exchange is causing anxiety in trade circles here, as the prevailing rates mean that a tremendous premium has to be paid by British buyers for goods purchased in the United States. The rate this morning was called at \$4.07 on easier money in New York, but opinion in Lombard Street is that there is no backbone in the market, while the recent uneasiness caused by the constant declining tendency has been accentuated by the non-ratification of the peace treaty. The rate, according to opinion here, is likely to be unstable until the treaty question is settled and official action is taken regarding the granting of credits.

A CABINET CRISIS PROBABLE IN SPAIN

Government Unable to Make Progress With Its Budget Bill

Madrid, Nov. 20.—The Government has been unable to make any progress with the budget bill since the Cortes met a week ago, and unless it can induce the legislators to proceed with the work in hand it is feared a ministerial crisis is probable. Opposition to the bill is partly attributed to the determination of the Socialists to keep the military question to the fore, but more serious trouble is being caused by the opposition of Catalan members of the Chamber, who are making every effort to defeat the Government owing to alleged sympathy with syndicalists. Juan de Lacerda, former Minister of War, and his followers who are adherents of former Premier Dato, are charged with resorting to obstructionist methods.

FRENCH SOCIALIST PREDICTS STRIKES

Paris, Nov. 21.—Jean Longuet, leader of the extreme wing of the

French Socialist Party, denied to-day that his organization was planning drastic steps as a result of the recent French general election.

"The Socialist Party does not intend to start a revolution," he declared. "Revolution was a scarecrow by which our opponents tried to stampede the voters. As a result of the new system followed in the election, they robbed us of a great many seats in the Chamber, but did not stampede the voters. We polled 1,700,000 votes, an increase of 600,000 over the number cast in 1914."

M. Longuet said the situation was serious, however, because "workingmen defeated at the polls through the working of a new electoral law would naturally turn to direct action, such as strikes, to accomplish their ends."

BANK CLEARINGS

Winnipeg, Nov. 21.—The bank clearings in the principal cities of the Dominion for the week ended yesterday, as compared with the corresponding week last year, were as follows:

	1919.	1918.
Montreal	\$166,627,062	\$104,812,295

FUNDS CAUSE S.P.C.A. TO DROP INSPECTOR

Annual Meeting of Society
Held; Secretary Reviews
Year's Work

Owing to the lack of funds the position of inspector of the S.P.C.A. will have to be left vacant, according to a report furnished by W. B. Pease, the secretary, at the annual meeting of the society held last night in the council chamber at the City Hall. Mr. Pease referred to the large decrease in the contributions to the society and until the funds become more substantial the services of the inspector will have to be dispensed with.

Mr. Pease reviewed the work of the year as follows:

"I regret to announce that the financial state of the Society is very far from satisfactory. Owing to the abnormally high rate of taxes many business firms have found it necessary to reduce or to suspend altogether the payment of subscriptions to charitable organizations. In spite of the strenuous efforts of the committee it has been impossible to collect as large a sum from individual subscribers as has been done in former years. The city grant has been reduced from \$200 to \$100. A tag day was organized and held on the first of November, but owing to the inclemency of the weather the result was disappointing. So great is the need for funds that your committee has been forced to the conclusion that, until more money can be raised, the invaluable service of the inspector must be dispensed with. How great a loss this will be will become apparent at the reading of the inspector's report."

Mr. Pease reviewed the progress made in educating the children in kindness to animals, and also the care of the zoo at Beacon Hill Park. He proceeded:

"Questions with regard to merciful ways of killing animals have been carefully gone into and a Greener Humane Killer has been ordered for the use of the Society's officials."

"Your committee has passed a resolution expressive of sympathy with the objects of the Jack London Club."

"The retiring committee strongly recommends to the consideration of the committee to be elected the importance of having (as soon as funds permit) an office situated conveniently for receiving subscriptions, answering inquiries, etc., and to act as an advertisement of the society's existence."

Citizens Thanked.

"The thanks of the Society are given to Miss Saunders for the use of her studio for committee meetings, and to Mr. McKee for the use of his office for the same purpose. The thanks of the Society are also given to the clergy and ministers of the city who, in response to our appeal, brought the work of the Society before their congregations on Humane Sunday, the 13th July, also to C. L. Harrison, public prosecutor; Curtis Sampson, honorary auditor; the B.C.E.R., the Press, Veterinary Surgeon, Dr. H. Keown, and to all those who have aided the Society in its fight against cruelty and tyranny towards those animals that live defenseless at the mercy of their owners."

J. Braden submitted the treasurer's statement, audited by Mr. Curtis Sampson, which showed receipts from all sources, including a balance of \$61.35 brought forward, and \$441.20 proceeds of tag day, amounted to \$1,132.02; while the expenditures were \$896.19, leaving a balance in the bank of \$235.83.

Had Busy Year.

The report of the inspector W. J. McKee, was given as follows: "I have the honor to submit herewith the annual report of the work done by the Victoria Branch of the S.P.C.A. during the year ending November 20, 1919."

"I made it my business, as well as inspecting animals, to inspect the stables and places in which they are kept, in the municipalities as well as the city."

"During the past year some 270 cases of alleged cruelty were investigated, with the following results: 205 cautions, with advice, were given; thirty-nine animals, mostly horses were given treatment by veterinary surgeons; ten condemned horses were destroyed; nineteen homeless cats were disposed of; eleven cats removed from telephone poles."

"I have taken eight cases to court and obtained six convictions. In conclusion I wish to thank the committee, also the veterinary surgeons, for their kind assistance and advice at all times."

During the meeting Miss Dora Kittle read an interesting paper on the work of the Jack London Club, the main object of which is to stop the training of dumb animals for show purposes. Mrs. Margaret Jenkins, president of the Woman's Canadian Club, and a number of other speakers addressed the meeting.

The following are the officers for ensuing year: President, A. R. Sherwood; Vice-President, Rev. William Stevenson; secretary, W. B. Pease; treasurer, J. Braden; veterinary surgeon, Dr. Hamilton and Dr. Keown; legal counsel, Lindley Crease, K.C.; executive members, Miss Kittle, Mrs. Crane, Mrs. Hewlings, Mrs. Bash, Mrs. Pease, Mayor Porter, J. Kennedy, Mr. Palmer, Mr. Downes, W. E. Percy.

Johnson—"They tell me that Dobbs is an awful grumbler."

Jackson—"He is. He is the kind of fellow who blames his face because it needs a shave."

Tickets for the Pankhurst Lecture in the Royal Victoria Theatre, November 27, may be obtained at Fletcher's Music Store, or from members of the Women's Canadian Club.

Rev. Hugh Dobson Here. — Rev. Hugh Dobson, Western field secretary of the social service department of the Methodist Church, arrived in the city this morning. Mr. Dobson will have charge of the National Child Welfare exhibit which is to be staged in the First Congregational School from Tuesday to Friday, inclusive next week.

Want to Know About Victoria. — Because of the demand for information about Victoria by people in London, and England generally, Commissioner MacAdam, of the Victoria and Island Development Association today sent two parcels of literature descriptive of this city to the office of the Agent-General of British Columbia, Regent Street, London. The demand for information about this city has also been keen on the prairies, and it has been necessary to furnish the C. P. R. at Winnipeg with another supply of literature.

MRS. EMELINE PANKHURST
the famous English suffragette, is to lecture at the Royal Victoria Theatre on Thursday evening next under the auspices of the Women's Canadian Club.

IN WOMAN'S DOMAIN

**TELLS OF WORK ON
BEHALF OF WOMEN
IN GREAT BRITAIN**

Mrs. A. T. Watt, M. B. E.,
Returns From Splendid
Empire Service

**RECEIVES TANGIBLE
EXPRESSIONS OF PRAISE**

To have risen within four years from the position of an unknown Canadian woman in England to that of the recognized founder and head of an organization which has been "adopted" by the British Government and whose ramifications extend to 1,200 villages in Britain is the proud achievement of Mrs. Alfred T. Watt, M. B. E., who returned to the city on Tuesday night after six years' absence. From time to time Victorians have been privileged to glean, through the medium of extracts culled from the English press, a small idea of the splendid results accomplished by Mrs. Watt in England along the lines of Women's Institutes, but the full measure of her achievement was practically unknown, even to her wide circle of friends in this city.

To a Times representative last night Mrs. Watt displayed with pride the tangible evidences of her success, in the form of tokens of appreciation bestowed upon her by a grateful country. These much-valued gifts include membership in the Order of the British Empire, with which Mrs. Watt was invested by the King at Buckingham Palace; a particularly lovely pendant and chain of platinum, set with diamonds and emeralds, the gift of the National Federation of the Women's Institutes of England and the Women's Institute Organizers, and presented to her at a farewell dinner in London on July 5 of this year; numerous sets of valuable books, representing the gifts of almost every country in which Women's Institutes were formed in England; a handsome fitted attaché case and lovely silver manicure set, from the organizers of the Institutes; a gold brooch, which was presented in a case made of oak, from the Sussex women's institutes, and also a collection of 100 lantern slides of views of Sussex; and a wonderful collection of over one hundred articles representative of the work accomplished by members of the English Institutes and given by them to Mrs. Watt for use as an exhibit in Canada.

Left Six Years Ago.
Six years have elapsed since Mrs. Watt left Victoria for England, the long journey being undertaken solely for the purpose of placing her two sons in school in the old country. The outbreak of war brought home to her, as to many countless thousands of others in England, the grave danger threatening to the "fight little life" by way of a food shortage. Fortified

MRS. A. T. WATT

by the knowledge and experience acquired by her as founder of the Women's Institute movement in British Columbia, Mrs. Watt commenced a lone campaign to interest individuals and societies in England in the possibilities of Women's Institutes as tremendous factors in food production and conservation. For a long time her efforts met with little success. The authorities were pessimistic, declaring that conditions in Canada were totally different, and that rural conditions in England would not permit of any such organization as Mrs. Watt proposed. Students of rural economics and county committees, and others all said, "It can't be done."

Undeterred by this pessimism, however, Mrs. Watt continued her efforts, airing her views and speaking on the matter wherever and whenever opportunity occurred. One day the secretary of the Agricultural Organization Society, Nugent Harris, heard her speak and was favorably impressed with her suggestions. Shortly afterwards she joined the organization with a view to enlisting its help in starting women's institutes.

The first step on the upward way was taken at Bangor University, Wales, when Sir Harry Reichel at the meeting called for the purpose of considering the formation of institutes characterized the movement as "a new note struck in rural economics." Following the public meeting called by Col. Stapleton-Cotton—who, by the bye, is father of Viscountess Hood, sister-in-law of Mrs. Hood, daughter of Col. E. G. Prior, of Victoria—the first institute was organized in Wales, and the keenest interest was displayed by the women members. That the idea was rapidly gaining in public favor is shown by the fact that at the organization of the second of the institutes at Criccieth, Mrs. Lloyd George travelled all the way from London to preside at Mrs. Watt's organizing meeting.

Welcomed in South
Sussex was the next county to take up the idea, and in this county Mrs.

by the knowledge and experience acquired by her as founder of the Women's Institute movement in British Columbia, Mrs. Watt commenced a lone campaign to interest individuals and societies in England in the possibilities of Women's Institutes as tremendous factors in food production and conservation. For a long time her efforts met with little success. The authorities were pessimistic, declaring that conditions in Canada were totally different, and that rural conditions in England would not permit of any such organization as Mrs. Watt proposed. Students of rural economics and county committees, and others all said, "It can't be done."

Undeterred by this pessimism, however, Mrs. Watt continued her efforts, airing her views and speaking on the matter wherever and whenever opportunity occurred. One day the secretary of the Agricultural Organization Society, Nugent Harris, heard her speak and was favorably impressed with her suggestions. Shortly afterwards she joined the organization with a view to enlisting its help in starting women's institutes.

The first step on the upward way was taken at Bangor University, Wales, when Sir Harry Reichel at the meeting called for the purpose of considering the formation of institutes characterized the movement as "a new note struck in rural economics." Following the public meeting called by Col. Stapleton-Cotton—who, by the bye, is father of Viscountess Hood, sister-in-law of Mrs. Hood, daughter of Col. E. G. Prior, of Victoria—the first institute was organized in Wales, and the keenest interest was displayed by the women members. That the idea was rapidly gaining in public favor is shown by the fact that at the organization of the second of the institutes at Criccieth, Mrs. Lloyd George travelled all the way from London to preside at Mrs. Watt's organizing meeting.

Welcomed in South
Sussex was the next county to take up the idea, and in this county Mrs.

Tyrell-Godman, formerly of Victoria, undertook much of the work of organizing, lending invaluable aid to Mrs. Watt. Dorset followed next, the Countess of Wimborne, aunt of Rt. Hon. Winston Churchill, being one of the staunchest supporters of the movement. Through all this pioneer work, Mrs. Watt worked unceasingly and practically alone, with no powerful influence or funds at the back of her, but as she says, "the women of England everywhere seemed imbued with the feeling that by helping me, a Canadian woman, to accomplish the end for which I was striving, they were in a small measure expressing their gratitude for the magnificent help given by the men of Canada."

In the north of England Mrs. Watt received invaluable aid from Mrs. Stobart, a sister of Mrs. A. H. Pease, of Hamsterley Farm, Victoria. In 1916, after much hard work, the movement received the recognition of the Government, and for the first time in British history took the organization under its wing. Realizing that the success of the institutes already established fully justified an extension of the scheme, the Government officially appointed Mrs. Watt under the Board of Agriculture and gave her a free hand in organizing the institutes, and placed all the available existing machinery at her disposal. The first hundred institutes in England were personally founded by Mrs. Watt, she taking as the model the B.C. Institutes plan, which was worked out by her with the assistance of W. E. Scott, the former Deputy Minister of Agriculture, and W. J. Bonavia, secretary of the department.

So great was the demand for the Institutes throughout England, that Mrs. Watt was inspired with the happy idea of establishing a Women's Institute School for the training of women workers. The scheme, which met with much success, was to establish the school in the centre of an institute community so that the students could use the local institute for demonstration purposes. "An interesting feature," said Mrs. Watt yesterday, "was the wearing of a neat and smart uniform by the women workers. This was done as a democratic measure, for our workers embraced peereesses and poor women, and the only way to establish the right spirit of equality in dress was to allow them all to wear a uniform." The British authorities were so impressed by the possibilities of these schools as a training-ground for social welfare workers that the scheme is being retained as a Government department. The schools were held in country houses, colleges, or any available building. The first was held at Ingatestone Hall, the home of Lady Petre and the scene of Miss Braddon's famous novel, "Lady Audley's Secret."

Mrs. Watt pays a sincere tribute to the women of England. "They are, in my opinion, the cleverest women that the world has ever seen, with wonderful powers of organization and the grit and determination to carry things to a final issue. Everything they undertake, they do to their best ability. The work I accomplished owed everything to their loyalty, sympathy, co-operation, and I think I may say, their affection."

Women Were Impressed.
That the women of England were impressed by the vastness of the undertaking that Mrs. Watt carried through with so much success, was shown in the touching address made by the Hon. Mrs. Alfred Lyttleton, on the occasion of the farewell banquet given to Mrs. Watt in London, in July. Mrs. Lyttleton said: "We are assembled here to-night to do honor to the founder of Women's Institutes in this country, not only because of her work, but because of her personality. We all know of the great and far-reaching results of this movement, and can but guess at its future. There are now upwards of 1,200 institutes in England, and but for Mrs. Watt's vision and her faith in our village and her determination to give them the chance of serving the community, we should not have had these institutes. We look upon Mrs. Watt as belonging to us, and we say that when she goes to Canada we hope it will be but for a visit, and that she will return. I do not need to tell this audience what Mrs. Watt has done, we are only here to-night to wish her God-speed and to give her our love again. What we love best about her is that she goes away as she came and has always remained a Canadian, not making herself in any way different. It is her pride to represent in her personality and her work, the land of her birth."

Invited to Belgium.
Before leaving England, Mrs. Watt was invited by the Belgian Government to visit that country and study the methods in vogue among the rural women. She was sent on this trip by the British Government, who

although knowing that she could not use the knowledge gained in England, were willing that she should bring the information to Canada. During her stay in Belgium, Mrs. Watt made a tour of the battle-areas, and was much impressed by all she saw. Since returning to Canada, Mrs. Watt has addressed several large audiences in the East and at the meeting of the Federated Women's Institutes was retained as technical adviser to the institutes. She will, however, take a well-earned rest for the next six months. Mrs. Watt was accompanied to Victoria by her two sons, Lieut. Robin Watt, M.C. and bar, Sholto Watt, and Mrs. Tyrell-Godman. She is the guest of Dr. MacKenzie Cleland, Rockland Avenue.

Social Personal

Mrs. Martin Mutrie has returned home from Vancouver, where she has been visiting friends for the past few weeks.

Mrs. Hugh Macdonald left on Wednesday afternoon for Vancouver en route for England, where she will make an extended visit.

Mr. and Mrs. Newton Burdick and Mrs. Barbara Hogg came over from Vancouver on this morning's boat, to attend the ball to be held at the Union Club this evening.

Miss Leslie Gallier, daughter of Mr. Justice Gallier, has gone over to Vancouver to visit Mrs. F. A. MacDiarmid, Pendrell Street, formerly of Victoria.

Sir Chas. and Lady Piers, who recently returned from England and have been spending the past few weeks in Vancouver, have arrived in this city and will be guests at the Oak Bay Hotel for some time.

Mrs. J. W. Stewart, Mrs. W. F. Brougham and Miss Daphne Brougham were Vancouver guests at the marriage of Mrs. Bodwell and Capt. Cator yesterday, and also attended Mrs. B. M. Humble's post-nuptial reception at the Empress Hotel in the afternoon.

At the residence of the Rev. Dr. Campbell yesterday afternoon at 4 o'clock the marriage was quietly solemnized by Rev. Dr. Campbell. The bride, Miss Louise Giles, of Victoria, and Louis Gellie, of Sooke. Mrs. Elizabeth Flaherty attended the bride. The bride was prettily attired in a frock of dove-grey silk and georgette, with hat to match, and carried a bouquet of carnations. After the ceremony the wedding party repaired to the home of the bride's parents, Mr. and Mrs. J. Moore, 1724 Fourth Street, where a delicious supper was served. Later Mr. and Mrs. Gellie left by automobile for Sooke, where they will make their home.

Lady Barnard entertained at Government House on Wednesday afternoon at a delightful little "dinner-sant," her guests including the cadets of the Royal Naval College at Esquimalt and their girl friends, Commander and Mrs. Nixon and other members of the college staff and their wives. Professor Heaton's orchestra furnished the music for the dancing, which took place in the ballroom. Mrs. Hermann Robertson assisted Lady Barnard in entertaining the young people. Tea was served in the dining room at 5 o'clock, when His Honor the Lieutenant-Governor appeared on the scene and welcomed the guests.

Mrs. B. M. Humble held her post-nuptial reception yesterday afternoon

A BEDTIME STORY

UNCLE WIGGLY AND THE LANDLORD.

Copyright, 1918, by McClure Newspaper Syndicate.
(By Howard R. Garis.)

Once upon a time, when Uncle Wiggly Longears, the bunny rabbit gentleman, was hopping over a field, wondering what sort of adventure he would have, he came to a house made of cornstalks. The house was quite a tall one, and looked like an Indian tent, or like a Christmas cornucopia, turned upside down. Uncle Wiggly knew it was a house, for he heard voices talking inside.

"I declare, it's a shame!" said one voice. "To make us move, just when winter is coming on, and we have no place to go!"

"And that isn't the worst of it," went another voice. "There isn't another house to be had in Woodland!"

Then some other squeaky voices said: "O, Mother! We don't want to move. We like it here in our cornstalk house!"

"I know you do, my dears," was the answer. "But if the landlord won't let us stay what are we going to do? We must move. Your father is out now, trying to find a house for us."

"O, dear!" cried the little squeaky voices. "Dear me! This is quite too bad!" said Uncle Wiggly to himself, as he looked at the cornstalk house. "It is no fun to move in this wintry weather. I wish I could help them."

And just then a sharp little nose was stuck out from under the pile of corn husks, and a voice cried:

"Why, here is Uncle Wiggly. Perhaps he can help us!"

"Well, I do declare! If it isn't Mrs. Longtail, my mouse lady friend!" exclaimed the bunny gentleman. "And how, pray, are Jollie and Jillie, not to speak of Squeakie-Eekie, the cousin mouse? How are you all?"

"Well tell you the truth, not very well," answered Mrs. Longtail, the mother mouse.

"The children aren't ill, I hope," went on Uncle Wiggly.

"No, not that, but our landlord is going to make us move away," said Mrs. Longtail. "And we don't know where in the world to go!"

"That is too bad," said Uncle Wiggly. "I happened to hear you talking about it as I came along."

"Yes, it is very sad," said Mrs.

Longtail. "We only moved in this cornstalk house early this fall. There were some ears of corn the farmer had forgotten, and they would have been enough for us to eat all winter. So Patter, that's my husband, you know, he and I moved in here, made our nest in among the corn husks, and we thought we could live here until spring, anyhow."

"Are you sure you must move?" asked the bunny.

"Oh, yes," answered the mouse lady. "We heard the farmer saying, only yesterday, that he was going to take all the stocks of corn into his barn, to husk them. Our house will just be torn away over our heads. Patter is out now, looking for a place for us. Here he comes now. Did you find anything, Patter?" asked Mrs. Longtail, anxiously.

Mr. Longtail sadly shook his head. "Every rat and mouse hole in Woodland is taken," he said. "There isn't a steam-heated attic to be had, and even a knot hole, with just cold water, and cheese brought to your door isn't to be had for love nor money! I'm sure I don't know what we shall do."

"Never mind," kindly said Uncle Wiggly. "I'm sure there must be some way out. If worst comes to worst—"

"Hush! Here's the landlord coming now!" cried Mrs. Longtail. "Raising our rent would be bad enough, but to tear the house down over our heads! O, my!"

As she spoke Uncle Wiggly looked and saw coming into the cornfield a big wagon drawn by two horses.

On the wagon rode the farmer and his boy.

"Gather up all the stocks of corn!" cried the farmer. "We'll draw them into the barn and have a husking bee! The corn has been out too long now! It will all be eaten by the rats and mice if I leave it any longer!"

"Quick! Come inside!" called Mr. Longtail to Uncle Wiggly. "Our corn shock isn't very large, he may not see it, and if he leaves it we'll be all right!"

The bunny hopped inside the mouse corn house. But, alas for their hopes! Soon the farmer and his boy reached the shock. One big, strong pull and

up it came! Into the wagon it was tossed!

"Come on!" cried Uncle Wiggly to the Longtail mouse family. "You've got to run. The landlord has put you out. But I have room for you in my hollow stump bungalow. Come and live with me and Nurse Jane!"

And as the bunny rabbit gentleman ran out, Mr. and Mrs. Longtail and Jollie and Jillie and Squeakie-Eekie (the cousin mouse) and the baby mouse—they all ran out together.

"Well I do declare!" cried the farmer landlord. "Some field mice and a rabbit had a home in my corn! Too bad I must put them out, but it had to be."

The Longtails had a fine home with Uncle Wiggly all winter, living in the attic with the chimney swallows, and they said Mr. Longears was the nicest landlord they had ever known. And if the window curtain doesn't roll to the ceiling to find out what the wall paper is doing up so high, I'll tell you next about Uncle Wiggly and the hollow tree.

NEWS IN BRIEF

Fined For Assault.—Two young women, Martha and Sarah Watson, were each fined \$10 in the police court this morning for assaulting Mrs. Annie Ryan, of 1224 Finlayson Street.

Store Broken Into.—Some time yesterday the cigar store of G. P. Grimm, 624 Yates Street, was broken into and a box of five-cent pieces totalling between \$7 and \$8 was stolen. The police are investigating.

Soccer Team.—The Knights of Columbus soccer team to play the Army and Navy Veterans, will be selected from Shrimpton, Shearman (Capt.), Broadner, J. Allen, Roberts, Brown, Caskie, Howden, Wright, G. Allen, McKinnon, Bruns and Rickshaw.

Passing on Bridge Agreement.—Members of the City Council in special session this afternoon are passing their final judgment on the agreement for the construction of the Johnson Street bridge. Now that the C.P.R. has agreed to the elimination of the clause to give it monopoly railway rights over the structure, Mayor Porter said to-day that there was nothing in the way of the agreement being ratified by the aldermen and sent on to the Provincial Government for its approval.

Kiwanis Club Perhaps.—The Rotary Club may have a competitor in Victoria before long. Efforts are being made to establish a branch of the Kiwanis Club here. The Kiwanis Club has branches in all parts of Canada and the United States, with its headquarters in Chicago, and its objects generally are the same as those of the Rotary Club. The name is Indian in origin, meaning "We Trade." Where the Rotary Club accepts only one member from each classification, the Kiwanis Club accepts two. H. J. Elliott, K. C., of Montreal, is president this year. Vancouver and New Westminster have large Kiwanis clubs. In Vancouver the club has set before itself the establishment of salt water swimming baths there.

EVER-SOOTHING POSLAM HEALS BROKEN-OUT SKIN

Let Poslam act for you as a soothing, concentrated balm, to cover right over that itching, skin trouble and subside it, taking out the fire and soreness, and then, as applications are repeated, causing the disorder to grow less and less each day. Poslam cannot harm. There is no risk in trying it to see if it really will eradicate your eczema, pimples, or other surface disorder. And the burden of proof is on Poslam for you will watch for visible results.

Sold everywhere. For free sample write to: Emergency Laboratories, 213 West 4th St., New York City. Urge your skin to become fresher, brighter, better by the daily use of Poslam Soap, medicated with Poslam.

When making underclothes by machine it sometimes happens that they get oil-stained. The stains should be taken out with ammonia before the garments are sent to the laundry.

COUNSEL QUESTIONS SENSE OF SMELL OF SERGEANT OF POLICE

Magistrate Jay Dismissed
Charge Against Lincoln Bar
For Having Liquor

Despite the fact that a small quantity of liquor, which Police Sergeant Boulton stated was whisky, produced 19.38 per cent. of proof spirit on an analysis conducted by W. F. Best, Magistrate Jay in the Police Court this morning dismissed a charge against James Barclay and Stuart Nelson, joint proprietors of the Lincoln Bar, Johnson Street, of having liquor in their possession. The magistrate took the view that the amount of liquor found was too small to give a satisfactory analysis, to which City Prosecutor Harrison replied that if the test had revealed only five or six per cent. of proof spirit there might be some justification for this opinion, but when it ran 19.38 per cent. it was impossible to credit a mistake so great.

Sergeant Boulton told the Court that he called at the Lincoln Bar on Friday night, November 14, at 11 o'clock in company with Constable Ferguson. The door of the bar was locked but on looking inside he saw Nelson behind the bar counter. The witness knocked and accused looked out to see who it was. Immediately on seeing the witness, Nelson dumped a pitcher containing some liquid into the sink. Sgt. Boulton requested that the door be opened, whereupon Nelson responded.

Found Suspicious Glass.
On going behind the bar the witness found a large jug containing beer or near beer. While he was examining the jug Nelson picked up a small glass from the drain board and stepped towards the office door. Sgt. Boulton took the glass from him and found a small quantity of liquid in it. Witness said that he was certain that it was whisky. He remarked to accused that it was "pretty good stuff," in reply to which Nelson said that it was out of a Coca-Cola bottle. To make a comparison a bottle of Coca-Cola was opened and a small quantity poured into another glass. Sgt. Boulton then held the two glasses up to the light to show accused the difference in color. The witness then had the liquid analyzed.

Henry C. Hall, counsel for Nelson, questioned Sgt. Boulton's sense of identifying smells. "Have you ever played that game where they blindfold you and then try to get you to identify a number of articles by using your sense of smell and taste?" asked counsel. "I can't say that I have, but I have heard of it," replied witness. "You know that it is very seldom that anyone guesses correctly, don't you say, and it's quite possible that your sense be fooled here?"

"On this occasion I had my eyes wide open."

"But your sense of smell is not always reliable, is it?"

"It may not be when you are blindfolded."

Doubted Analysis.
W. F. Best, who stated that he had followed the profession of an analyst for thirty years, informed the court that he had tested the liquor found by Sgt. Boulton—about three-quarters of a teaspoonful—and that it went 19.38 per cent. proof spirit. He had also obtained two sample of Coca-Cola from local retailers and found that it went 3.27 per cent. and 3.19 per cent. proof spirit.

Mr. Hall went into a lengthy scientific cross-examination to show the great error which was liable to arise through the analyzing of such a small quantity. Mr. Best, however, would not concede that his test would be subjected to a considerable error. He had taken extreme care but had not checked his test.

A lengthy argument followed between counsel for the accused and the city prosecutor. Mr. Harrison argued that it made no difference as to the quantity of the liquor. The distillate had been produced and could be tested again if desired.

"If it was not more than five or six per cent.," pursued the prosecutor, "I would not be so pressing in my claim. But it is 19.38 per cent. and the court must take notice of that point."

Magistrate Jay said that in his experience he had known analysis to vary somewhat.

"Discrepancies will arise," said His Honor, "and Mr. Best did not check his test. Besides we do not know what condition the glass was in."

"Well, the glass was on the accused's premises and the condition of it must have been known to them," retorted Mr. Harrison.

Magistrate Jay said that he looked at the case with suspicion. He then dismissed the accused.

HOME.

Mark you a place on earth
Where you find shelter and rest,
And watching and waiting for you,
One you love the best.

'Tis home, and the sound falls sweet
Like silver waves lapping shore,
Home—the haven of peace—
What could man want more?

Mark you a place in the sky
Where a rift lets sunlight through,
While the farwells sing to you,
Day's farewell song to you.

'Tis then the heart beats with joy,
For life is a glorious thing,
And home when man's work is done,
Is more than man's wealth can bring.

LAURA LEWIN.

For house of many doorsteps which require whitening, a pail of white wash (made with whitening and a dash of size), put thinly on with a whitewash or other large brush, dries well, does not tread off, lasts well and takes much less time than rubbing on and spreading ordinary hearthstone.

HOCKEY DIRECTORS MEETING TO-DAY

Dates Set For Opening Games
in Pacific Coast
Race

Vancouver, Nov. 21.—The ninth annual meeting of the Pacific Coast Hockey Association was held here to-day with representatives from Seattle, Victoria and Vancouver in attendance.

The following officers were elected: President, Frank A. Patrick, Vancouver; Vice-President, J. F. Douglas, Seattle; Secretary, Treasurer, Arthur J. Small, Vancouver.

Board of Directors, C. W. Lester, Seattle; Lester Patrick, Victoria. The directors felt that in view of the fact that last spring the world's series games were not completed, the championship series games next year should be played at the coast. The president was authorized to arrange with the N.H.L. for the eastern champions to come west.

Opening dates this season are: Friday, December 26, Seattle at Victoria; Monday, December 29, Victoria at Vancouver; Wednesday, December 31, Vancouver at Seattle.

The balance of the schedule will be released when results of negotiations with the east are known. All games to be played in Victoria on Fridays, Vancouver on Mondays, Seattle on Wednesdays.

ANOTHER LIQUOR CASE

Miss Brooks, of Waverley Rooms, Faces Charges in Police Court: Remanded

Miss M. Brooks, proprietress of the Waverley Rooms, Douglas Street, appeared in the Police Court this morning on two charges. She faces the charge of having liquor in a building other than a private dwelling house. The other charge is for failing to take out a trade license.

R. C. Lowe, who is appearing for the accused, was granted a remand until Tuesday morning.

SUMAS RECLAMATION

Premier and Minister of Agriculture Will Meet Property Owners To-morrow.

Premier Oliver, accompanied by the Hon. R. D. Harrow, Minister of Agriculture, will cross to the Mainland on to-night's boat to meet the property owners involved in the Sumas Reclamation project. The meeting in question is to be held at Huntingdon to-morrow.

IF THIN AND NERVOUS, TRY PHOSPHATE

Nothing like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing hollows and angles by the soft, curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by almost all druggists under a guarantee of satisfaction or money back.

By feeding the nerves directly and by supplying the body cells with the necessary phosphate food elements, bitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten and pale cheeks glow with the bloom of perfect health. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-Phosphate has brought about a magic transformation with me. I gained fifteen pounds and never before felt so well."

CAUTION—While Bitro-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.

Wool Spencers
Special \$2.95

THIRD

ANNIVERSARY SALE

Featuring Exceptional Values From All Departments.

Practical Suits of Tweed

Special, \$35.00

THE exceptional quality and the smart styles revealed in these Suits make them particularly desirable for general wear. They are featured in distinctive belted and Norfolk effects, are exceptionally well made and worthy in every detail. Offered in shades of grey and brown and also some very desirable mixture effects. Exceptional value at \$35.00.

Georgette Crepe

Blouses

Reg. \$10.50 and \$11.50
For \$6.95

A splendid assortment of dainty Blouses, shown in distinctive styles. Trimmed with pretty laces and embroidered and beaded designs. Offered in black, white and a selection of colors.

Tweed Coats

Special, \$19.50.

This is a value that should attract attention from women who desire a Winter Coat of smart appearance and serviceable quality. Made with belt and convertible collar from a heavy black and grey plaid tweed.

Silk Dresses

Regular \$35.00 to \$42.50 for \$19.50

A splendid assortment of becoming models in satin, crepe de Chine and taffeta silk, in taupe, grey, rose, navy, Copenhagen, purple, brown and black. Several large sizes are included. Exceptional values at \$19.50.

This Sale of Corsets

Attracts Widespread Attention.

This effort to clear out a number of odd lines has resulted in a popular response. They are all fashionable models and are of the finest and most reliable makes. An exceptional opportunity to economize in the purchase of high-grade Corsets. An assortment consisting of Lily of France, Redfern, Nemo and Warner's Corsets. Regular \$4.50 to \$5.75 for \$3.50 a pair. Warner's Rustproof and C.B. Models. Regular \$2.50 to \$3.50 for \$2.25 a pair.

Sale of Silks and

Dress Goods

Silk Poplins, offered in a range of 30 fashionable shades. Regular \$1.85 for \$1.45 a yard.

Black Paillette Silk, 36 inches wide. Exceptional values at \$1.45, \$1.65 and \$1.85 a yard.

Jacquard Silks for party frocks, in maize, pink, white and sky. Special, \$1.25 a yard.

Crepe de Chine in a full range of fashionable colors. Special, \$1.35 a yard.

A Collection of Armures, Gaberdine and San Toy Dress Goods in a good selection of colors. Regular values to \$2.25, for \$1.25 a yard.

Tweeds, in a splendid selection of colors and a variety of weaves. Suitable for suits, coats or skirts. Special quality. Regular \$3.95 for \$2.95 a yard.

White Cotton—Special, 4 yards for \$1.00.

White and Striped Flannelette—Special, 3½ yards for \$1.00.

Glass Toweling—Special, 15¢ a yard.

White Cotton—Special, 4 yards for \$1.00.

EVIDENCE SHOWS LAND NO LONGER ABLE TO PROVIDE MONEY TO CARRY ON STATE

Earnings must, Be Taxed, Declare Speakers Before Commission—If Public Pays for Mistakes It Must Be Given Vote, Labor Representative Claims

Evidence given before the Municipal Revenue Commission in session here to-day tended to show that the financial condition of many municipalities, particularly Victoria, was grave, in the extreme and that under the conditions of modern life land was no longer capable of producing the revenue necessary to carry on Government and public services.

While most of the speakers contended themselves with urging that revenue should be taken from earnings, so that the land might not be burdened further, E. S. Woodward, president of the Trades and Labor Council, as a representative of organized labor, boldly asserted that if the general public was to be forced to pay for the mistakes of the property holders, the right to vote on improvements and money by-laws should be extended to non-property owners. Various other methods of taxation to make up the deficits which are annually occurring in civic finances were advocated, among them a capital levy to wipe out the entire debt and give the Province a new start, and a tax on unmarried men whose living expenses were low. Bitter complaints over the action of municipal bodies in proceeding with important works of local improvement during "boom" times on their own initiative or at the will of a small portion of the public was voiced, and restrictions upon municipal governments and the public in this connection urged.

Mr. Raymond stated that the appropriation for police in Victoria this year had been \$97,000, in return for which they only received \$10,000 in fines. Before prohibition the city got \$40,000 in licenses, and now police cost more than before the Act came into force. This was augmented by the fact that the "magistrate has taken into his head to send prisoners charged with liquor infractions to jail, and their keep in prison cost 50c a day." Mr. Raymond thought that, if the Government would allow it, the City Council would be foolish to "turn up its nose at the profits made by the liquor vendor's store."

Mr. Raymond observed, too, that the city police had to enforce the Military Service Act, which was a Federal law, and had to pay for the keep of prisoners sentenced under the Act. Illicit stills, too, came under their supervision. All expenses connected with such matters had to be borne by the municipality.

Single Tax Advocacy.

"The cause of our present trouble," stated E. S. Woodward, on behalf of organized labor, "is the debt surrounding the city. What is the reason for this?" he asked. "The debt originated because the city fathers failed to heed the principles of Henry George. First, all public debts are disastrous, and would not occur if the business were conducted properly and if a 10 per cent. ground rent were levied. The policy of borrowing by ground rents in private hands has brought about an era of wild speculation."

Only property owners had a vote when expenditure by-laws were passed and debts incurred. "The property owners who come here mortgaged their own property. We were barred from voting by statute. If their speculations have been successful we would have heard nothing of it. Now they failed, they want the general public to bear the burden. It is absolutely fair that they should bear the burden, not the general public, which was not responsible. If they want us to help we have the right to demand the abolition of the property qualification for voting, and the abolition of the present pernicious system which prevents a large part of the population from voting."

The Poll Tax.

"The poll tax," said Mr. Woodward, "violates the principle of payment

according to ability to pay," because it is levied whether a man is in work or not. Again, it was suggested that gasoline, pictures, and furniture should be taxed. That, too, violates the principle of ability to pay.

Mr. Woodward suggested as remedies for the present situation: First, the first original mortgages on property should be paid because many men had not paid their obligations to the city, as they were not forced to pay. Many of them had been heavy Victory Loan investors. They should be proceeded against in court.

"Until the city has levied ground rents it has no right to ask for relief," Mr. Woodward asserted.

Housing Question.

Again, he proposed that the city rent land which it had taken over at taxes. Houses should be erected on them to bring in rents to the corporation.

"There should be a fearless levy of income tax. I am strongly suspicious that the men who came here yesterday to complain would pay as heavy an income tax as large as their present land tax. You cannot look at them without knowing they are not our poor citizens."

Mr. Woodward suggested a capital tax to wipe off the city's enormous debt.

Per Capita Values.

The less tax we have on motors, theatres, getting up in the morning and going to bed the better—we will then get a large population. Every man who settles in the Province adds a thousand dollars to our property values.

Referring to the remarks of some speakers who thought that labor was not paying its due share of taxes, Mr. Woodward asserted that in fact the working men kept up property values which would decline if they were driven away by lack of jobs and high taxes.

Who is Scapegoat?

"It is utterly false that the property owners voted for these improvements," said E. H. Anderson. Every man who settles in the Province adds a thousand dollars to our property values.

Municipal Clerk Greig, if Duncan, said the owners in the local improvement areas were responsible.

C. T. Cross referred the Commission to the cases of Douglas Street and Pandora Avenue and wanted to know if the ratepayers had had anything to do with local improvements on these streets.

Mr. Raymond replied that the owners had forced the hand of the Council in the case of Pandora Avenue.

"But a great bulk of property owners were against it," said Mr. Anderson.

The argument was stopped by Hon. John Hart.

Equimault's Position.

The loss sustained by Equimault on account of activities conducted in municipalities by the Federal authorities, was pointed out by Councilor Wise. Particularly heavy were the expenses connected with the main thoroughfare leading to the Navy Yard. Moreover, the municipality had lost the taxation on Land Cove and New Skinner's Cove.

"If Government property had been included a mill rate of 16.8 instead of 18 mills only would have been required, so that the ratepayers have this year had to pay \$5,442.86 for the privilege of having this property situated within their municipality," Mr. Wise pointed out.

At the same time, owing to the very heavy motor traffic, mainly for military and naval purposes, the corporation have this year been compelled to spend \$9,400 on the repair and maintenance of the main thoroughfare leading to the navy yard and military camps. So that this municipality has been burdened in a total amount of \$14,842.86, or approximately three mills for these purposes, and it is felt that a very large portion of this burden should be borne by the Government.

That the ratepayers are fully alive to the value of their holdings is borne out by the fact that \$7.3 per cent. of the current taxes have already been paid and although several tax sales have been held the corporation has had to take over only two small parcels of land.

Mr. Anderson criticized Equimault's expenditure.

Too Much Expenditure

"We are suffering from the initiative of the Council," declared John Dean. "Douglas Street and Pandora Avenue improvements were done on the initiative of the Council, and loaded the municipality with \$2,000,000 of debt. The local improvement act has got away from its intended purpose. The people are densely ignorant of the functions of the Council, and are ignorant of the imposts being placed on them often against the public will. The Local Improvement Act should be amended so that the city should not have to bear such a heavy proportion of the costs of improvements."

Mr. Dean informed the Commission that a memorial on the question of municipal reform he had forwarded to the provincial authorities had been neglected, though signed by property owners owning \$9,000,000 worth of property. Indeed, George Bell, M.P.P., representative of Victoria, had not bothered to answer a letter on the subject. "Some of our members are here to-day," said Mr. Dean, "at this important meeting. I don't know what is to become of us."

Mr. Dean read this memorial, which suggested amendments to the Municipal Act relating to taxation, and suggested that Victoria be governed under a special charter. The document was signed by some 300 well-known property owners.

If the Government were to allow the cities to have such revenue as theatre taxes and motor taxes, the result would be increased taxation upon the ratepayers to make up the deficit, said Mr. Dean. "What we want is less taxes," he said. "The people are ignorant, and they are cowards, or we wouldn't have got in the hole. It is up to the Government

Ministers Recommend

Rev. John Davidson, of Thurso, Que., writes: "I have had considerable trouble with my throat, caused by public speaking in heated buildings and exposure to damp and chilly atmosphere. I find PEPs very effective in soothing the throat."

Rev. Edward G. Heaven, Marksville, Ont., writes: "I have used PEPs and find they give considerable relief to the throat. I have also found them very beneficial for colds."

PEPs are the direct treatment for Coughs, Colds, Bronchitis, Asthma, Hoarseness, Laryngitis, and other ailments of the throat, chest, and lungs. As PEPs dissolve on the tongue, healing vapors are liberated which are breathed down the throat. Liquid cough mixtures, etc., cannot be inhaled, they go to the stomach not the lungs. PEPs get to the seat of the trouble direct.

PEPs are sold only in tin boxes. All druggists and stores 50c. box, 3 boxes \$1.25.

FREE TRIAL

Send this article, name of paper, and 1c. stamp for post to PEPs Co., Toronto, Winnipeg, or Montreal, and we will send free package.

Pepe

to protect them, not force everything out of them."

Other Revenue Sources.

Mr. Dean criticized the high cost of education, and argued that a partly paid fire department would be adequate.

He suggested as remedies increased taxes on timber and minerals, which would not affect urban property owners.

The Premier said that large mining interests had threatened to close their mines if the taxes proposed a year and a half ago were enforced.

A poll tax of two per cent on bachelors, was suggested by Mr. Dean, who explained that he was a bachelor. This would be a fair tax.

"I don't agree," interrupted the Premier. "I batched for nine years and I know that a bachelor gets all the punishment in this world he deserves without being taxed for their misery."

Referring to Mr. Woodward's assertions, Mr. Dean declared that no man had a right to a voice in the Government unless he paid money to the state.

A Fallacious Argument.

The idea that Provincial and Municipal governments were separate and distinct was fallacious.

why?

A man at sixty years of age is either a failure or a success.

PILLS have been made for sixty years and have the largest sale of any medicine in the world!

BEECHAM'S PILLS

Sold everywhere in Canada. In boxes, 25c. 50c.

declared J. J. Shalloons. Municipal governments were created to carry on the work of Provincial governments. The trouble was that a great part of the administration was left in the municipalities which were not raising sufficient taxes to make ends meet.

"Land now does not represent the wealth of the country as some people think. If all revenue is to be derived from the land, congestion will be encouraged. But our improvements in the city are not taxed. Can we carry on the government by simply taking one part of property from which to derive revenue?"

More Than Ever Before.

"But the city is not tied down to taxes on unimproved land," interrupted the Premier.

"I don't think that the raise in taxes will raise rents," said Mr. Shalloons. "Rents result from the increase in desire for offices, which means that there are larger incomes. It is not true that if the city doubles its taxes rents will increase. We are asking land in the Province to do more than it ever has in the world's history. We are asking it to provide roads, but it won't. We would have mud roads now—it's a God-send we did have that period. The cost of roads and sidewalks now would cost twice what it did then. There were mistakes but the money was spent, though rashly, honestly. This, however, is not one-fifth of one per cent. of the land in the Province which lies in the municipal areas which is inhabited by the far larger part of the population. You are loading the camel up until its back is broken. The tax on the land is not being paid. They are being paid from other sources and from motives of patriotism, not because the security equals the taxes."

Fundamental Mistakes.

Present conditions, said Mr. Shalloons, arise out of fundamental mistakes in the Municipal Act, and out of changed conditions of modern life. We must change all regulations to meet those conditions. In spite of the great prosperity here and in Vancouver as a result of shipbuilding our finances are not improved—because large numbers of men came here and have not been able to pay taxes. They did not increase the revenue of the municipality—unless some of them owned a dog. They did, however, through theatre taxes, motor taxes and income taxes help the Province.

The Premier considered how much of the revenue can be taken from the land and how much from other forms of wealth. For instance, education, health, police, fire protection expense arise not from the land, but from other sources.

He did not consider such specific things as theatre taxes—you must consider it in a broader sense. "This crisis exists because things are fundamentally wrong, not for lack of industry, because we had more industry than ever before."

Port Alberni's Finances.

Port Alberni's finances were in fair shape, the Commission was informed by R. F. Blandy, City Clerk of that city. But the city taxes were not paid from what the land was able to produce. Mr. Blandy could not agree that if the Government had taken over the cities new sources of taxation. The road tax, he suggested, as a remedy, was absurd as it stood at present. He urged that it be increased from \$2 a year to \$5, to be imposed upon all adult residents, including women wage earners, with exemptions to those paying trades licenses.

Mr. Blandy also suggested a graduated license scale so that large industries would have to pay heavier fees than smaller ones. Port Alberni desired, too, the power to tax transient insurance agents. As for motor licenses, he urged that the rate should be governed by the weight of cars, and that the Government take over the administration of trunk roads in the municipalities.

Income Tax.

Mr. Blandy said: "The principle of a city levying income tax is not right. We have Federal and Provincial income tax now. It would be better if one body collected it and apportioned it to the various governments." He spoke of police administration in the small

Why OXO Cubes sell by the Million; as told by people who use them:

"Being a constant user of OXO Cubes, I send you some recipes. . . . Now that beef is so dear I make many dishes without it with the help of OXO Cubes. Some of my friends also use OXO Cubes and find them very convenient."

"OXO Cubes are too well known to need any recommendation; besides being quickly and easily made, OXO is very refreshing, strengthening and appetizing."

"My friends ask me what I feed my little girl on, and I tell them OXO. I am convinced that it is OXO Cubes she gets on so well with."

"We have found OXO Cubes a direct saving. There was never a time when they could be used more than now, seeing the high prices of other foods."

A Cube to a cup.

cities, and advocated a Local Government Board.

Alderman Sargent pointed out that the Victory Loan drive had shown money was available, but the thing was to find it. "My idea is that we should assess earnings. You should have found the earnings you assess them easily enough."

Answering the observations of gentlemen present, Premier Oliver pointed out the tendency of the times, and probably rightly was toward extension of local self government. The Premier personally did not consider that the new 15 per cent. penalty for non-payment of taxes was good policy.

COMB SAGE TEA IN

FADED OR GRAY HAIR

If Mixed With Sulphur It Darkens So Naturally No-body Can Tell

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

VANCOUVER ISLAND NEWS

Entertain Exalted Ruler.

Nanaimo, B.C., had one of their old time get-together gatherings Wednesday night, the occasion being a visit from the Dominion Grand Exalted Ruler, Bro. Jos. F. Morris, of Vancouver, who was accompanied by other Grand Lodge officers and members of Vancouver Lodge. A most interesting and enthusiastic session was held, which speaks well for the revival of Elksdom in this city. The initiation ceremony was also held when the local Lodge added again to its numbers. At the close of the Lodge session adjournment was made to the Elks' Club where a regular "Hello Bill" of a time was held in bowling and other games. The visitors were warm in their praise of the local Elks and all enjoyed the outing. The occasion may be said to mark the starting point of renewed winter activities and Elks will be heard from later in general community work. Altogether it was a most successful gathering and another of its kind is early anticipated. Visiting Elks were: Grand Exalted Ruler, Jos. F. Morris; Grand Loyal Knight, H. B. Nelson; Grand Trustees, W. H. Morrow, M. Stewart; others being A. L. Amiel, A. W. Hough, T. C. Weeden, H. Kay, E. A. Les, E. Johnston, C. A. McCay and D. Stover.

Many in Attendance.

A crowded house enjoyed the Scotch concert given Wednesday evening at St. Andrew's Church, Nanaimo, in which some of the city's best talent participated. Among those who rendered vocal selections were Mrs. Drysdale, Donald Hyslop and Peter McAlpine, while Mrs. Patterson and William Fulton entertained with recitations and character sketches. Included in the program were two drills by High School girls. W. B. Anderson made an excellent chairman.

ADMIRAL JELLCOE STOPS IN CALGARY

Calgary, Nov. 21.—Admiral Lord Jellicoe arrived here from Vancouver at 9 a.m. to-day about five hours ahead of schedule time. He immediately went for a walk, saw a skating rink and in the afternoon he is being tendered a formal welcome and this evening will be the guest of honor at a banquet at which Lieutenant-Governor Brett will preside. Late in the evening he will attend the Rotary mixer show and then leave for the East.

BANDIT TELEGRAPHED THANKS TO RAILWAY

Casper, Wyo., Nov. 21.—William Carlisle, a train bandit, walked into the Western Union telegraph office here yesterday while scores of heavily-armed men searched the surrounding country for him, and sent a telegram to the Union Pacific Railroad office in Cheyenne thanking the railroad for the money he had secured from passengers on the Los Angeles Limited train which he held up near Medicine Bow on Tuesday night. The message read:

"Union Pacific, Cheyenne:

"Thanks for haul on your limited. Some detective force."

(Signed) "CARLISLE."

MILL AND LUMBER BURN IN QUEBEC

Quebec, Nov. 21.—A sawmill was burned last night near Trois Pistoles, Que., together with millions of feet of lumber and nearly 100,000 cords of pulpwood. The mill was owned by the Brown Corporation, of Berlin, N. H., and the damage will amount to nearly \$1,000,000.

The Brown Corporation has two mills there, but only the smaller one was destroyed.

This morning the fire was still burning, and efforts were being made to save the larger mill.

Women of Canada Who Testify

Tillsburg, Ont.—"Ever since I can remember, Dr. Pierce's medicines were used in our family at home and they never failed to give good results."

The "Golden Medical Discovery" was used as a tonic and blood purifier and for bronchial trouble, and it proved excellent. I have personally taken the "Golden Medical Discovery" for bronchial trouble, and the "Favorite Prescription" to build me up when I was run-down and they both were very beneficial. Mother always used Dr. Pierce's Compound Extract of Smart-Weed for pain; it also was very good. I feel safe in recommending all of Dr. Pierce's medicines knowing them to be good. —MRS. CLIF. FORD MITCHELL.

Central Butte, Sask.—"I have used Dr. Pierce's Medical Discovery for a number of years and am pleased to recommend it as a blood purifier. I know it has no equal as I used it for my boy for tuberculosis of the knee joint. My neighbors and friends were surprised with the results; in fact, I do not think he would be here today had it not been for the 'Medical Discovery.' I also keep it on hand for coughs as it differs so from other cough medicines, instead of upsetting the stomach as most cough syrups do it is good for the stomach. I only wish I had known about Dr. Pierce's medicines sooner." —MRS. PERCY WOOD.

When you take Golden Medical Discovery, you are getting the benefit of the experience of a doctor whose reputation goes all around the world. Still more, you get a temperance medicine that contains no drop of alcohol or narcotic of any kind. Long ago Dr. Pierce combined certain valuable vegetable ingredients—without the use of alcohol—so that his remedies always have been strictly temperance medicines.

ONTARIO TO HAVE BY-ELECTION SOON

Toronto, Nov. 21.—The by-elections for Ontario Ministers will be held on the earliest possible date, Premier Drury said yesterday. He feared that December 29 would be the day, according to the time allowed by the law, but thought that it would be inconvenient in view of the holiday period.

Mr. Drury added that it would be safe to say that the elections would come off early in 1920, certainly not before.

Mr. Drury, while having two seats offered him, is likely to run in Centre Simcoe, where he may get an acclamation.

Messrs. Raney and Doherty probably will run in Dundas and North Essex, respectively. The other Ministers will run in the ridings which elected them in the recent election.

RUB RHEUMATIC PAIN RIGHT OUT—TRY IT!

Don't Suffer! Instantly Relieve Aching Muscles, Nerves and Joints With "St. Jacobs Liniment."

What's rheumatism? Pain only! Stop dragging! Not one cent in fifty requires internal treatment. Rub the misery right away! Apply the penetrating "St. Jacobs Liniment" directly upon the "tender spot" and relief comes instantly. "St. Jacobs Liniment" is a harmless rheumatism and sciatica relief which never disappoints and can not burn or discolor the skin.

Limber up! Get a small trial bottle from your druggist, and in just a moment you'll be free from rheumatic and sciatic pain, soreness, stiffness and swelling. Don't suffer! "St. Jacobs Liniment" has relieved millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.

NAVAL VETERANS' ASSOCIATION

A meeting will be held in the Canteen, Esquimalt, at 8 p. m. on Saturday evening for the purpose of organizing a branch of the Naval Veterans' Association. All men who are serving, or have served under the White Ensign, men of the ocean-going mercantile marine, or nurses who have served in the naval service, are invited to attend.

OVER THOUSAND BENEFIT BY CIVIL SERVICE REGRADING

(Continued from page 1.)

age of \$95.25, last year an average of \$103.55, and who receive under the new schedule an average of \$121.45. In the third class there are 60 who in March, 1914, received an average of \$73.40; in March, 1917, an average of \$77.40; last year an average of \$77.91, and who receive under the new schedule an average of \$86.72 per month.

The salaries of those who have entered the service since 1914 have been fixed in proportion to the salaries of the group enumerated above.

All Changes Upward.—In the adjustment of the salaries now made, practically all changes were upward. In his survey of the service, the Commissioner found a few civil servants who, through long years of service, had reached a salary level above the maximum of their grade under the new classification.

In these cases, his recommendation to the Executive was that these salaries should be left as they stand. This recommendation was approved. When these positions become vacant, successors will be appointed at the salary proper to the grade.

It will be noted that those who profit most under the new scale of salaries are the low salaried class of officials. All stenographers who were in the service prior to October 1, 1918, who were receiving less than \$65 per month, are given at least \$65 per month from April 1, and many of them are to receive \$67.50 from October 1, 1919. The stenographers, who qualified during the first half of the present year and who started on probation at \$60 per month, are raised to \$65 per month, dating from November 1. The balance of the stenographers range from \$67.50 to \$90 per month.

The janitors also, came in for a substantial increase. Last year the majority of the janitors received a salary of \$80 per month. The new schedule gives them \$95 per month.

Registry Offices.—In the six Land Registry offices, there are seventy-two men who were in the service in March, 1914, and were each, then, receiving less than \$125 per month. The average salary of this group was \$92.09 in March, 1914, \$109.34 in March, 1917, \$102.71 last year, and \$123.82 under the new schedule.

In the Court Registry offices, there are twenty-six men who were in the service in March 1914, and were each, then, receiving less than \$125 per month. The average salary of this group was \$79.69 in March, 1914, \$87.19 in March, 1917, \$89.83 last year and \$108.46 under the new schedule.

Other Departments.—In the Finance Department, which takes in the Government Agents' and Assessors' offices, there are eighty-one men of this class, who, in March, 1914, were receiving an average of \$86.44 per month, in March, 1917, an average of \$95.52, last year an average of \$102.32, and under the new schedule will receive an average of \$120.02.

In the Educational Department, the majority of the men come in the first class viz.: Those in receipt of salaries above \$125. Eleven of the School Inspectors were in the service in March, 1914, and then received an average of \$118.08 per month. In March, 1917, an average of \$118.73 per month, \$201.98 per month last year, and under the new schedule, \$222.27.

Substantial increases are also

noted in the various groups performing technical duties, especially in the forest service, and among the public works engineers and inspectors.

SAANICH BUILDING SCHEME PROGRESSES

Members of New Company Hope to Start First Job Shortly

Thirty-one residents of Saanich having already enrolled themselves as shareholders prospects for the Limited Liability Building Company formed of men of the district were reported to be extremely bright at a meeting held last night. There was again a representative attendance of working men interested in the scheme, about forty being present at the meeting.

The articles of the association and memorandum of agreement were read and endorsed, and a certificate of incorporation will be applied for as soon as possible.

Reeve C. E. Jones, the father of the scheme, A. Watchman, Major K. B. Spurgin, H. S. Cowper and E. Seedhouse were elected directors pro tem and H. S. Cowper, secretary pro tem. Room 104 Union Bank Building will be rented as the office of the new company.

It was stated that the prospects of securing work in Saanich and also in the city were extremely encouraging, and it is hoped to start on the first contract within the next five or six weeks. The scheme, it is believed, will go a great way towards relieving unemployment among residents of Saanich during the winter months.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, heavy, invigorated hair, a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage.

Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy, golden gleams and tender lights. The youthful glints, tints and color are again in your hair.

"Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator—as told on bottle.

NEW GOVERNMENT OF NEWFOUNDLAND

St. John's, Nfld., Nov. 21.—Returns from the recent general election were completed to-day with the announcement of the vote from the St. Barbe district, ballots from there being delayed sixteen days by stormy weather. The election in that district of John Scammell, fishermen's

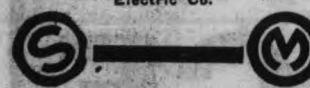

candidate, did not change the majority of the new Government party, as James Macdonnell, who was elected for St. George's has refused the portfolio of Agriculture because it did not include a Cabinet seat, and it was announced, will join the Opposition led by Sir Michael Cashin, the defeated Premier.

The new Government, headed by Richard Squires, will have twenty-three seats in the Legislature and the Opposition 12.

at the Theatre

DOMINION

Charged by a dying father with the duty of avenging the family honor of the Corbins by "getting the last of the Pomeroy's," Bruce Corbin engineers a hate marriage in "The Thunderbolt," starring Katherine MacDonald, the American beauty, and which will be seen at the Dominion theatre all week.

In the full bloom of manhood, Corbin ruthlessly sacrifices the happiness that comes with wealth, popularity and position in order to carry out the wishes of his father. With Allan Pomeroy, the only living male member of the hated family, entirely in his power as a result of a flagrant bond forgery, Corbin realises that his cherished vow to "get the last of the Pomeroy's" rests in his hands of preventing the beautiful and much sought Ruth Pomeroy from bearing children.

"With You Your Family dies." Threatening Allan Pomeroy with

AMUSEMENTS TO-DAY

Royal Victoria—Orpheum vaudeville.

Pantages—Vaudeville.
Dominion—Katherine MacDonald in "The Thunderbolt."

Variety—Mitchell Lewis in "Nine-Tenths of the Law."
Columbia—"Romance of Tarzan," and "The Red Glove," featuring Marie Walcamp.

Romano—Ruth Roland in "The Tiger's Trail," and Ruby de Remer in "The Dust of Desire."

diagnose unless he agrees to sanction the marriage of his daughter to Corbin, the latter compels Ruth to marry him. The shock kills Allan Pomeroy, and Corbin informs the girl that he only married her to avenge his family and insure the fact that the

Pomeroy stock would die out with her; that she is the last of the Pomeroy's.

With an iron will, the girl refuses to let a Corbin win. She determines to establish the continuation of the Pomeroy family. How Ruth Pomeroy wins a wonderful victory makes "The Thunderbolt" one of the most absorbing pictures to be seen at the Dominion theatre's screen.

VARIETY

"Genuine successes never occur by accident." The truth of this is well exemplified in "Nine-Tenths of the Law," starring Mitchell Lewis. Here is a combination of star and story that provides the old expression of "hand in glove." It is evident that a close study of the star's ability and disposition has been made in the preparation of the scenario, which peculiarly fits Lewis' unusual characterization. "Nine-Tenths of the Law" will be the last of Lewis' subjects of a special nature for some time, as he has entered upon a contract for regular work with Select Pictures. He leaves behind a series of notable subjects, which has increased in power with progressive releases. "Nine-Tenths of the Law" is probably the high-water mark of the star's versatility. "Nine-Tenths of the Law" will be shown again to-day at the Variety.

COLUMBIA

Imagine a story of breathless movement set amid the contrasting scenes of the jungles of unexplored Africa and the luxurious atmosphere of American society. With Tarzan, the son of noble English parents, who has been raised in the heart of the wilds by an ape foster-mother, as the central figure, and one can obtain some idea of the treat in store for

Pantages Vaudeville

TO-DAY
BEATRICE MORELLE SEXTETTE
6—Other Big Acts—5
Shows, 3, 7 and 9 p. m.

LEILA MCINTYRE,

of the theatrical team of Hyams and McIntyre, who will be seen in the model playlet "Maybloom," at the Orpheum to-night.

PANTAGES

Six dainty songsters and musicians, artists of the violin, harp and piano, and singers of unusual range and purity of voice, headline the bill of Pantages vaudeville this week. They are billed as the Beatrice Morelle Sextette.

Besides the delightful programme of popular and classical selections, a charming feature of the act is its setting which is an artistic study in Royal Purple. The Four Casting Campbells are acers of aerialism and provide many thrills for the audiences while whirling through the air. Their work is a revelation in speed and accuracy. Jessie Maker and Billy Redford are a clever, entertaining duo and, the Alexander Brothers and Evelyn have a fast and nifty opener for the bill. The dance sensation of the programme is offered by the Oklahoma Four, Mason and Cole have a neat and pretty offering and Arthur Barrett whistles his way into popularity.

ROMANO

"Dust of Desire" is the title of the latest World release, which will be shown at the Romano again to-day and it will be interesting news for the patrons of this theatre to learn that this production is one of the most dramatic and intense pictures of the year. A newcomer in screen stardom is Ruby de Remer, whose interpretations of Beth Vinton, the society girl, thrown on her own resources and making her living by maintaining a tea house for New York's Society people, and who, in order to marry the man she loves, tells him a lie about her past, is fired with the deep dramatic qualities which have marked her character portrayals upon the speaking stage. The story of "Dust of Desire" is by Clara Beranger, the well-known story and scenario writer, and Forrest Halsey, the novelist. It is intense and gripping from start to finish.

ARENA

Get Rid of Fat Where It Shows

Do you realize that nothing but good substantial food and plenty of it will build muscular energy and that you must eat and eat heartily in order to retain your strength? Dieting weakens you and over-exercise tires you because the former retards the development of muscular energy and the latter consumes too much of it. That is why you find the old-fashioned method of fat reduction such a hardship. Why not less, scientific, easy way by taking a harmless Marmola Prescription Tablet after each meal and at bed time? Marmola Prescription Tablets are prepared in exact accordance with the famous Marmola Prescription, are perfectly safe to use and have been used by hundreds of persons in this country and Europe with wonderful success. Within a short time you can be getting rid of two, three or four pounds of fat a week. No starvation diet or tireless exercises are needed. You can be comfortable and you can enjoy the food you like and want. Even after taking off many pounds there will be no flabbiness or wrinkles remaining, and you will feel 100 per cent. better. Any good druggist can supply Marmola Prescription Tablets at \$1 per case or they will be mailed direct in plain wrapper and post paid if you send the price to the Marmola Company, 164 Woodward Ave., Detroit, Mich.

THE NEW COAT YOU WANT, MADAM

—is here waiting for you, as is also that new Suit or Dress. You needn't pay all down, but can buy here on

EASY PAYMENTS and the privilege costs no more than paying cash.

CALGARY MAY HAVE AERODROME SOON

Representative of Dominion Government Now Is Investigating Matter

Calgary, Nov. 21.—That the place Calgary intends to occupy on the possible air routes across the Dominion will be a live issue in the near future was forecasted by two letters received by the Mayor and Commissioners yesterday morning, one of them from Arthur Lincoln, who intimated that the Dominion Government had under serious consideration the building of an aerodrome here, and the other from George Taylor, of the Pacific Coast Aerial Services, in regard to a transcontinental flight which this organization is promoting.

Air Station. Mr. Lincoln stated that he was investigating the advisability of the city of a Government air station and that he would report on this matter to the Commissioners at Ottawa. With this in mind, he asked what Calgary was ready to do in the way of a municipal landing ground. Mr. Lincoln stated that he was making investigations for the Dominion Government regarding the advisability of establishing an aerodrome in the western part of the city. He intimated that it would be used as a station for fire patrol and other aerial work on the eastern slope of the Rockies.

Flight. The letter from George Taylor referred to a transcontinental flight which his organization is planning for the spring or early summer. He wished to know if there was any aerodrome accommodation in this city and if Calgary was willing to offer anything in the way of a prize for this big competition. He explained that the race will be started from Halifax and end either in Vancouver or Victoria. Calgary would be a stopping place.

UNUSUAL CHARGE.

Belleville, Ont., Nov. 21.—A man is under arrest in Syracuse, N. Y., who is supposed to be the impersonator of J. H. Flynn, of Toronto, president of the United Veterans' League, who operated in this city on the day of the Provincial election. The police here were informed of the arrest and a photograph of the man arrested bears a striking resemblance to the man wanted. He also is wanted in Nanaimo and other places in Canada.

"MAYBLOOM," NEW ORPHEUM PLAYLET

Introduces John Hyams and Leila McIntyre at the Week-end

Popular players frequently stray from vaudeville to the legitimate stage, where they remain for a varying time, when they return to the two-a-day. The most recent case of this is that of John Hyams and Leila McIntyre. On the legitimate stage their successes were "The Girl of My Dreams," "When Dreams Come True," "My Home Town Girl," and many others.

On the vaudeville stage their best-known playlets are "The Quakers," and "Maybloom," their 1919 success. Although "Maybloom" is quite different from the charming "Quakers" it affords Miss McIntyre an opportunity for her artistic rendering of her Quaker songs. "Maybloom" is delightful for its crisp dialogue, its natural comedy situations and the chance it gives Mr. Hyams to present his rich, unctuous humor. This little titbit of entertainment won a considerable praise when it was introduced to New York and the Orpheum management immediately entered negotiations with this favorite pair to present it over the circuit, and consequently it is appearing at the Royal Victoria theatre to-night, Saturday matinee and night with the full Orpheum bill.

John F. Fox and William H. Ward, two minstrels who were members of the Harlow-Wilson-Primrose and West Minstrel will offer an act that will revive many memories of the great days of minstrelsy on this continent.

Charles Cartmell and Laura Harris will present an offering, "Golfing With Cupid." In these days when all the world and his wife may be found on the links, little wonder that Cupid should be there. Cartmell and Harris are prime favorites in the English music halls as well as the American vaudeville theatres as delineators of songs and dances.

James H. Cullen, the man from the west, will appear on the same bill, bringing with him his portfolio of fun filled with humorous stories, quaint parodies and comic songs. The portfolio is always being refilled with new songs, making Mr. Cullen a welcome visitor over the Orpheum circuit.

George Watts and Hello Hawley will present their new comedy offering "Laughs Coated With Melodies." Watts is an exceedingly clever comedian and Miss Hawley sings and looks well.

The Rigoletto Bros. will present "Around the World" introducing leg-dermain, acrobatic feats, yodelling, and aerial ladder, street musicians, songs, dances and character studies all done in the costumes of the countries "Around the World," where the particular game or feat is excelled in. The Van Cellos will offer a novelty foot juggling routine. Van Cello is an American whose pedal extremities are quicker and more nimble than any Jap. He has also a sense of humor which is unusual in acts of this class.

WINNIPEG LABOR DEFENCE LEAGUE AND WOODSWORTH

Winnipeg, Nov. 21.—The Winnipeg Labor Defence League, in an effort to combat the charge, against J. S.

Woodsworth for alleged seditious language at last Sunday's labor meeting, will canvass all persons who attended the meeting. Officials of the League said to-day that a petition would be circulated contradicting the statements reported in the local press. The petition, it is claimed, will be presented as evidence for the defence.

SLAUGHTER SALE OF SELECTED FARM LAND ACREAGE IN THE FAMOUS FARMING DISTRICT OF COWICHAN, VANCOUVER ISLAND

We offer for immediate sale nineteen tracts of choice farm land property averaging in size twelve acres each. Eleven of these tracts front upon the Chemainus River on the E. and N. Railway and about ten miles from Chemainus Station on the E. and N. Railway and about ten miles from the thriving town of Duncan, on the same line. The land is level, logged off some years ago, the present widely-scattered second growth making clearing a comparatively easy matter. The general nature of the soil is sandy loam, suitable for the growth of small fruits and vegetables. A few of the tracts are somewhat heavy in gravel, which constitutes a distinct advantage to any purchaser who contemplates extensive poultry raising. Little need be said about the Cowichan district. It is one of the largest settled and most important agricultural districts on Vancouver Island. Its farm products find a ready market at Victoria, Duncan, Nanaimo and Vancouver.

WE OFFER THESE TRACTS AT A PRICE AVERAGING \$50.00 AN ACRE, WHICH MAKES IT POSSIBLE FOR ANYONE TO LOCATE IN THIS PROSPEROUS SECTION AT A SMALL OUTLAY

Terms of Payment: One-Third Cash; Balance, Six, Twelve and Eighteen Months

PURITY - QUALITY - ECONOMY

With the increased cost of labor and materials due to war conditions, it is not reasonable to suppose that a really first class baking powder can be made and sold at the old prices. Rather than sacrifice the quality of

MAGIC BAKING POWDER

we found it necessary to make slight increases in price during the war period. Even though Magic Baking Powder may cost a few cents more than the ordinary kinds it is still by far the most economical baking powder on the market to-day when purity, strength and leavening qualities are taken into consideration.

"Unsurpassed when you break your fast"

**GOVERNMENT STREET
REPAVING NEXT**

Repaving of Government Street from Discovery Street south across the Causeway to Belleville Street is likely to come up at the City Hall before long because of the condition of the main street of the city. The paving has already outlasted its contract term, and with the wet weather is swelling and becoming full of holes and bumps. Some of the bumps caused by swollen and misplaced

wooden blocks have been so high that they have proved dangerous to the axles and under-panning of motor cars.

The contract life of the part of Government Street from Courtney to Fisgard Street ran out in 1917, and that between Fisgard and Discovery Street during the present month. The repaving of this street has to be initiated by the property owners, and will be carried out on the local improvement plan. The city pays the cost of the intersections.

The brick paving at the Causeway

has outlived its usefulness almost. It is reported at the City Hall. This will have to be replaced by the city bearing the full cost. It is not likely that brick will be laid again, as it is more expensive than asphalt, and has not proved as durable as expected.

Estimates in paving repair work for next year are to include the planing of the edges of the pavements on Fort Street and Cook Street bordering on street car tracks. The edges of the pavement on these streets have curled up, and are dangerous to traffic.

EASILY TRACED

Thousands who are none too strong trace the present weakened state to influenza or some like-debilitating illness. Such could not do better than try the strength-restoring and body building virtues of

SCOTT'S EMULSION

This efficient tonic is nourishment in a form that helps build up a healthy resistance. If you are not in your accustomed strength and need a tonic, rich, nourishing SCOTT'S EMULSION will help you. Try It!

**CAMPAIGNERS MAY
ADMIT NURSES NOW**

Nurses may soon be admitted as members of the British Campaigners' Association. A committee to take up the question was appointed at last night's meeting of the association.

The Association decided to take steps to see that none but returned men should be employed in the erection of houses under the Soldiers' Housing Scheme in this city.

W. J. Edwards said it was time that something was done to help along the boys of ex-service men. The executive committee was instructed to see what could be done in the way of getting apprenticeships for them in the dockyard and engineering world.

**ART, INDUSTRY, AND
LIBRARY ENDEAVOR**

Value in Educational System; Guild Meeting To-night

While systems of education are being freely discussed there is one phase of the question which might be emphasized, the value of teaching by observation, whether it be natural objects, good pictures or industrial art and science exhibits.

That there were several persons in the city of Victoria who were alive to the educational and economic value of exhibitions of pictorial and industrial art is shown by the effort that was made recently, when a public meeting was held in the Provincial Library for the purpose of forming a guild which would be Provincial in scope and would have among other objects the establishment of a permanent industrial and fine art exhibition whose doors would be open free to the public.

With the co-operation of the Hon. Dr. Maclean, Minister of Education, the movement has taken definite shape in so far that a large space has been set apart for the purpose in the Provincial Library Building, and although the movement is but two weeks old it is expected that a permanent industrial and fine art exhibit will be an accomplished fact before the year is out.

Glad to Begin Quietly.

When times are more propitious it is hoped that a spacious building will be provided, but meantime the Art Workers' Guild are pleased to make a start even in a small way and by forming the central body in Victoria they will gradually extend their influence and form chapters or branches in each community throughout the Province. By this system it will be possible to have travelling exhibitions. The objects of the Guild will in part be similar to those of the British Institute of Industrial Art recently established in Great Britain under the auspices of the Board of Education and the Board of Trade, which are as follows:

To raise and maintain the standard of excellence in works of industrial art, the product of British designers, craftsmen and manufacturers; to stimulate the demand for such work as obtain to a high standard of excellence, and in particular to secure:

1. The establishment of machinery for bringing designers and art workers into closer touch with manufacturers, distributors and others whom it is desired to interest on their behalf.

2. A purchase fund to secure for the State selected works of outstanding merit.

In Fireproof Building.

Public spirited citizens throughout the Province who may loan pictures and other art objects for the permanent collection in the Provincial Library can be assured that they will be well preserved in a fireproof building. The library contains many volumes on art and industrial subjects, and used in connection with this exhibit will be an additional educational feature.

With interest awakened in the teaching of local history in our schools one now very often sees a class of boys or girls under the guidance of the teacher coming to view the historical exhibit in the Library and Archives Department. It is interesting to watch their appreciation of this practical way of learning the history of their own city and province.

We hear it argued that it is best to draw out from the child that which he or she is best adapted to and specialize along these lines rather than cram with too many subjects. It is in this way that an industrial exhibit will have its educational value and the classes which come to view the historical exhibit will also profit by seeing what it is possible to make by hand, the love of doing which is inherent in the child from the cradle.

"The Value of Industrial Art to the Boy Movement" will be the subject of a short address by Dr. Raynor in the Provincial Library to-night at 8 o'clock. All interested are invited to be present.

Further particulars concerning the Art Workers' Guild will be furnished by the secretary, J. Forsyth, Provincial Library.

**SICK HEADACHES
For Last 10 Years**

Headaches affect all ages and both sexes alike, but in all cases the treatment should be directed to remove the cause, for with the cause removed the headaches vanish for all time.

What is necessary for a permanent cure is something which will go right to the seat of the trouble. For this purpose it is impossible to find a better remedy for headaches of all description than Burdock Blood Bitters, acting as it does on every organ of the body to strengthen, purify and regulate the whole system.

Mrs. Flora Hall, Dominion, N. S., writes: "I have been troubled with sick headaches for the last ten years. I had lost faith in all remedies until recently a friend of mine advised me to try Burdock Blood Bitters. This I did, and found relief in a very short time. I would now recommend B.B.B. to anyone who is suffering as I did. I only took three bottles, and am never troubled with sick headaches any more."

B. B. B. has been on the market for over 40 years. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

**HER DAUGHTER
WAS SAVED
FROM OPERATION**

Mrs. Wells of Petersburg Tells How.

Petersburg, Va.—"For two years my daughter suffered from a weakness and pains in her right side; at times she was so bad she could not do any work. For two years she was attended by the best physicians here, and both agreed that she would have to be operated on."

I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her."—Mrs. W. D. Wells, 226 North Adams Street, Petersburg, Va.

If every girl who suffers as Miss Wells did, or from irregularities, painful periods, backache, sideache, dragging down pains, inflammation of ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years' experience is at your service.

**COUNCIL CONSIDERS
A FORESHORE LEASE**

Oak Bay Appoints Supervisor of Housing Scheme

In order to get its approval of a foreshore lease which the Government is considering in connection with the establishment of swimming baths in Oak Bay, a delegation waited upon the Oak Bay Council last night. The case was laid before the Council by H. W. Herchmer. Argument centered over the question of jurisdiction over the bathhouse, the delegation finally agreeing that it came under the jurisdiction of the municipality by-laws except in the matter of taxation. Another meeting to-night will consider the matter. It is the hope of the promoters of the swimming bath project that the baths may be ready in the spring.

The Council appointed P. L. James, a local architect, superintendent under the Federal Housing scheme in Oak Bay. No start has been made on soldier houses in the municipality. In reply to a letter from the Island Automobile Association, it was stated

that the annual estimates provided for the opening up of Sunrise Avenue through to King George's Terrace around Gonzales Hill. The work will proceed when the Engineer can secure the material he requires.

On the motion of Councillor Macfarlane the Council decided to compile and advertise a list of lots which were taken over at the tax sale, and may now be purchased.

**ALDERMAN KIRK'S VIEW
OF PROPORTIONAL PLAN
OF REPRESENTATION**

While the Vancouver Board of Trade on Tuesday endorsed the project for proportional representation to be induced in elections in the Terminal City, the contrary opinion of Alderman Kirk, one of Vancouver's leading citizens, will be of interest. Alderman Kirk stated after five years' experience he concluded that the district method of election was the most satisfactory for any growing city of importance. In the last analysis the question of successful public service resolved itself to the personnel of the representatives and not to the system under which they were elected. He admitted that there were many weak points about the present system, but contended that P.R. would not remove these weaknesses.

The election of candidates by the city at large, he declared, invited openly the attempt to control elections by political or other bodies, whose activities might not be in the best interests of the city. He said that a vote for any ticket or candidate representing the number to be elected for office, backed by a solid majority, would result in such faction or interest obtaining entire control of all seats in the council, which in many cases might be detrimental to the interests of the city as a whole. In this connection he pointed out that during the dispute between the jitney men and the city, and also the B. C. Electric and the city, it might have become possible under the proposed system to bring about the election of one or two aldermen by either or both of these bodies, with the resulting control.

"My contention is that fundamentally as applied to civic government the premises of proportional representation is absolutely wrong and is contrary to the basic principle of civic government on which our charter is built. It in effect would disregard all ratepayers' interests, setting aside all consideration for properties to the one consideration of the human factor only. This is contrary to the government's recent action in granting the right to corporations and companies to vote on their own property interests in the city of Vancouver, and which condition has been in force in the municipalities for some time," the alderman declared.

The administration of the city was a business proposition, he said, and the same or similar considerations applied to all localities within the city. Any representative, whether elected from the city as a whole or from any ward or district division of the city, should be elected primarily for his ability to take care of the common interest of the city as a whole.

**It takes a joint of beef to
make a bottle of Bovril**

Bovril contains the goodness of the beef.

THE vital elements that give beef its special place and value as a food are concentrated and stored in Bovril.

Just as the equivalent light of 32 candles is concentrated in one electric lamp, so the vital elements of beef—of many pounds of beef—are concentrated in a single bottle of Bovril.

But Bovril is not merely a precious food in itself; it possesses the peculiar power of enabling you to extract more nourishment from other foods. This gives Bovril its wonderful body-building power, proved by independent experiment to be from 10 to 20 times the amount taken. Bovril, therefore, in the true sense of the word, is a Great Food Saver.

Always keep Bovril in the house.

Bovril stands alone**PLAN PROMENADE
FOR CAUSEWAY**

Plans and estimates for the construction of a promenade the full length of the causeway, a few feet above the water, where small boats may land and where people can sit

and look out across the harbor, are being prepared at the City Hall by City Engineer Preston. An appropriation for this work is to be asked for in the estimates for next year. The plans and estimates are being prepared under the instructions of Mayor Porter, who has decided that it is time for the city to end a bad smell at the Causeway.

**Hack! Hack! Sneeze!! Sneeze!!
Cough!!! Cough!!!**

Yes, you feel miserable all right and you're making everyone near you feel miserable too. What you need is a bottle of

**NADRUCO
Syrup of Tar

BARRIEAU AWARDED THE DECISION OVER ARMY TITLE HOLDER

Edmonton, Nov. 21.—Frank Barrieau, middleweight champion of Canada, was given a decision on points last night over Eddie Fingard, champion of the United States army, in a fifteen-round bout. Dr. McCormick officiated and the newspaper decision awarded ten rounds to Barrieau, two to Fingard, with three

even. Barrieau weighed in at the stipulated weight of 155 pounds, but Fingard was unable to make the weight.

SEEKS NIGHBOR AS COACH.

Kingston, Ont., Nov. 21.—The management of the Queen's Hockey team is determined that it is going to make a good showing this winter. For some time the management has been on the lookout for a professional coach. It has approached Frank Nighbor, the famous Ottawa player, and asked him

if he would spend part of his time in Kingston coaching the team. It is expected that if he can make arrangements he will come to Kingston.

DUD ROSS CAPTAIN.

Montreal, Nov. 21.—Dud Ross was the unanimous choice of the champions McGill rugby players as captain of the team for next season.

SPORTING NEWS

CELLAR TEAM AND CHAMPIONS MEET IN SOCCER COMPETITION

Teams Announced For Tomorrow's Game; Intermediates Keen

The league leaders are matched with the occupants of the cellar position on the soccer schedule Saturday, so the North Wards feel confident of improving their position. The Harbor Marine men who have yet to register their first win can hardly expect to do so at the expense of the champions. The Foundation eleven, their closest rivals, have drawn a bye for Saturday.

The Wests and K. of C. Hut eleven who are following close on the heels of the shipbuilders and only stand one game behind the leaders are matched with the G. W. V. A. and the Army and Navy Veterans, respectively.

The K. of C. and Army and Navy games is looked to provide a great battle. Both clubs are using a far different line up to that with which they made their first bid for the bunting. The Army and Navy men lowered the colors of the Foundation eleven last Saturday after they had climbed to the top of the ladder. For the last week or two the K. of C. men have had a victorious streak, which nothing has been able to stop. Another feature of the game which will make it additionally interesting and the two goalkeepers in the league between the choice of an inter-city goalkeeper will rest will be opposite each other and the fans will have a good chance of comparing their work. The games will be as follows:

Senior.

Comrades vs. Yarrows, at Jubilee Hospital.
Harbor Marine vs. North Wards, at Central Park.
Wests vs. G. W. V. A., at Beacon Hill.
K. of C. vs. Army and Navy Veterans, at Beacon Hill upper ground.

Intermediate.

Yarrows vs. Postal Service, at Macaulay Point.
Army and Navy vs. Saanich Rovers, at Work Point.
Wests vs. Firemen, at Willows.

Senior Teams.

Comrades.
Lomas; Gomm and Davies; Green, Pitts and Bowers; Harper, Bloom, Walton, Bristow and Patterson. Reserves, Trevis, Essler and Dannel.

Yarrows.

Jasper; J. Ord and Prevost; McIlroy, Charman and Brown; Roberts, Merfield, Newbigging, Muir and Whitaker. Reserve, Kerley.

Harbor Marine.

Bruce; McKenzie and Sedger; Haines, Owens and Roe; Talbot, Stewart, Swan, Marshall and Fawcett. Reserves, Oliver and Robson. Players are requested to be in the field not later than 2.30 p. m.

Harwood will be unable to play on the Harbor Marine side on account of injury sustained last Saturday in the game against K. of C., when he broke a rib. His absence will be a distinct loss to the team.

Army and Navy.

Leeming, Church and Pigott; Grimes, Frankish, Hatherhill, Dowell, Orchard, Fillmore, Gale and Wilcox. Reserves, Lea and Ingall.

INTERMEDIATE TEAMS.

Intermediate league teams have been announced as follows:

Yarrows.

Ricketts; Panthorpe and Tompson; Gillerist, S. Tompson and Bendall; McKay, Popham, Watt, Panthorpe, Hutchinson.

Postal Service.

Sanford; Baird and Gardiner; Walker, Craigmyle and Brain; McKay, Sinclair, Cole, Whittingham and Oliver. Reserves, Humber and Ralston. Play commences at 2.45 p. m. on the Macaulay Point ground.

Army and Navy vs. Saanich Rovers. Millar; Walls and Webster; Teed, Frank Moulton and Sim; Sharrott, Christian, Dowell, Quinton and Cull. Reserves, E. Wood and Dobie.

Saanich Rovers.

Newman and Bridgdon; Chertor, Scott and Lynn; Linquist, Flinton, Campbell, Jackson and Brewis. Reserves, MacDonald and Rositer.

Wests vs. Firemen.

West Intermediates selected from T. Ward; D. Sloan and H. McIlbride; G. Ward; J. Carmichael; C. English; J. Carmichael, P. Tooby, J. Stewart, W. Ruggles, J. Hayward, J. Savidont, R. Lea and D. Stewart.

Firemen.

Laffin; Gwynn and Turner; Hunt, Stark, Losie; Briers, Riddell, Lynn, Taylor and Walton. Reserve, Upward.

CANEFAX WINS THE THREE CUSHION TITLE

Cleveland, O., Nov. 20.—R. L. Canefax, of New York, won the three cushion, Billiard championship of America to-night by the defeat of Charles McCourt, of Cleveland, by Pierre Maupome, of Milwaukee, fifty to forty-eight; in fifty-eight innings.

BARNES FOR GIANTS.

Sioux Falls, Ia., Nov. 21.—George Andrews, president of the Sioux City baseball club, announces the sale of Pitcher Barnes to the New York Giants. The price was \$5,000.

TAKES COUNT FROM COLORED HEAVYWEIGHT

Willis Put Kruvosky to Sleep in the First; Other Bouts

San Francisco, Nov. 21.—Harry Willis, colored heavyweight of New Orleans, knocked out K. O. Kruvosky to-night in the first round of a scheduled four-round bout. Bob Grant, navy heavyweight champion, won a newspaper decision over Jim Barry, of San Francisco, in four rounds.

Saginaw, Mich., Nov. 21.—Captain Bob Roper, of Chicago, outboxed Frank Moran, of Pittsburgh in six out of ten rounds. Three were even.

Spokane, Nov. 21.—Ted Thye, of Spokane, to-night won from Basanata Singh, Sacramento, in a match which purported to be for the middleweight wrestling championship. Singh was injured after an hour and thirty-three minutes of wrestling, when he was thrown over Thye's head with a double wrist hammerlock. He forfeited the fall. They won the second fall in 19 minutes and 50 seconds with a double arm lock.

Tacoma, Nov. 21.—Frank Farmer, Tacoma, light-heavyweight, easily outpointed Joe Welch, of San Francisco, in a six-round bout here to-night. Farmer piled up a big lead in each round, almost stopping Welch several times with right-hand punches.

St. Paul, Minn., Nov. 21.—Curly Ulrich, one of the three official referees of the Minnesota boxing commission, was late to-night, agreed upon as third man in the ring at the fight between Middleweight Champion Mike O'Dowd and Mike Gibbons to-morrow night. It was also decided that if O'Dowd was disqualified by a foul he would not lose his title.

St. Paul, Minn., Nov. 21.—Delegations of boxing writers and fight enthusiasts from many cities arrived this morning and paraded behind a band, while Middleweight Champion Mike O'Dowd and Mike Gibbons were making final preparations for their ten-round bout to-night.

AT THE VIMY ALLEY.

COMRADES CONSIDER RUNNING EX-SERVICE MEN FOR ALDERMEN

The semi-monthly meeting of the Comrades of the Great War will be held at the club rooms to-night at 8 o'clock.

Discussion will take place on the resolution from Central Council in connection with running a candidate from each ex-service association for alderman, and also putting forward candidates for school trustees and police commissioners. An executive meeting will be held at 7.15 p. m. on the same date.

CANADIAN HORSES SUPREME AT SHOW

Hunters and Jumpers From Dominion Take High Honors at New York

New York, Nov. 20.—In the judging of the hunters and jumpers class at the horse show to-day the horses from the Canadian Ennisclaire Farms, Oakville, Ont., were supreme at the morning session. Grey Socks, a grey gelding of the most striking conformation owned by Lieut.-Col. Cox, carried off first honors in a class "suitable to become hunters."

The afternoon session was ushered in with a class for hunters that have hunted at least eight times within the last two years, with the Alfred B. MacLay Cup as first prize. The cup was won by Indian Arrow, a chestnut gelding from the Ennisclaire Farms. Second award went to Ridgfield, a stable mate of Indian Arrow and third to Silver Tip, a black gelding from the Fox Catcher Farms. Fourth prize was won by Miss Carol Smith's Ondremoon.

At the evening session in the class for hunters and jumpers, for the commodore cup, shot, owned by the Ennisclaire Farms, was first, Ondremoon second, while fourth went to Cragwood, also of Ennisclaire Farms. Robin Hood, owned by Miss Eleanor Sears, Boston, receiving third.

In the class for pairs of hunters and jumpers in the same ownership: First, Ennisclaire Farms; second, Fox Catcher Farms, Rosemont, Pa.; third, Capt. John K. Brown, West Point; fourth, Ennisclaire Farms.

AMATEUR HOCKEY PLAYERS TO WORK OUT THIS EVENING

As the time approaches for the opening of the amateur hockey race the prospects of a close fight look extremely bright. The players will take the ice in better shape than last season, as strenuous workouts are being regularly held. All of the teams entered in the senior league will be seen in action this evening at the Arena. The Great War Veterans will take the ice at 7 o'clock, and will be followed by the Two-Jacks team for 8-9. The Senators and the Pros, will perform from 9-10, and the Elks will wind up the evening from 10-11. There is no admission charged to watch the amateurs go through their paces, and several hundred fans are in attendance at almost every practice. It is expected that the officials of the league will meet in session in the near future and draft up a schedule for the coming year.

BROAD ST. BILLIARDS

In the Broad Street Hall Billiard League Orchard's team won from Fenton's by 157 points. Team score: Orchard 200
G. Petch 250
McGriddle 150
Bell 97
Morley 150

	1st	2nd	3rd	Total
Fenton	171	171	171	513
G. Hawthorne	127	127	127	381
Kidd	156	156	156	468
Tucker	108	108	108	324
	790	790	790	2370

Match for to-night at 8 o'clock: Snell vs. E. Newman.
Burthorne vs. Copas.
E. Fox vs. Simpson.
Wilkinson vs. Flinton.
H. Featherstone vs. Ferguson.

Simms Lather Brushes

ARE "BETTER BRUSHES"

Better—any way you look at them. Better bristles—better handles—better workmanship—better value for the money. When the Simms Trademark goes on a lather brush, it means a brush that will give years of shaving satisfaction. The Moose

All Canada is the natural home of the "King" of Canada's big game, but New Brunswick, Quebec, Ontario and Manitoba afford the best moose hunting.

There are two methods followed in moose hunting—"calling" and "still hunting." During the rutting season the first method is the one usually followed, but there is more satisfaction in tracking. Absolute silence is the one great essential in still hunting and stalking must be done "up wind."

The tracks of a bull moose can be readily distinguished from those of the cow. The former are rounded and blunt—the cow's long and pointed.

During the winter, moose gather on the hardwood ridges between cedar and spruce swamps, through which they make beaten lanes. A "yard" sometimes contains twenty to forty animals.

Opinions differ as to the most suitable cartridge for moose hunting. Those who use the .30-06 believe it is the best, but the .30-03 is also used. The .30-06 is the most powerful back of it and is sure the big "D" trade-mark on the box.

DOMINION Ammunition

It is always desirable for every hunter to have a supply of the best ammunition. Dominion Cartridge Co. has the best. Users of 30-06 rifles should look for the yellow label on the box of the Dominion Cartridge Co. for better results and greater shooting power.

BASKETBALL TITLE AT STAKE SATURDAY

High School and Huskies Met
in Crucial Battle on High
School Court

A crucial battle in the "A" section of the Y. M. C. A. house basketball league will be fought to-morrow night. The games are usually played on the Y. M. C. A. court, but the venue for to-morrow night's game has been changed to the High School. The school and the Huskies will clash in a game which will have an important bearing on the league standing. If the High School can hang up a victory, they will tie with the Huskies for first place, but if the Huskies are victorious their position at the head of the chart is clinched.

Great interest is being centered in the game in both camps and supporters of both clubs will be on hand in large numbers to cheer their men on to victory. The line-up will be as follows:

Huskies—Bob Whyte, T. Wanger, Tom Nute, T. Corbett and J. McKay.

High School—L. Bickell, A. Webb-

ster, A. Jones, A. Lewis and A. Boyd.
Girls' Game.
The match will be preceded by a game between the Victoria High School girls and the Esquimalt High School girls which is due to start at 8 o'clock.

SOOKE ATHLETES

NOW ORGANIZED

Throw Out Challenge to Victoria Soccer and Basketball Teams

An open invitation is extended to any basketball team in town to journey to Sooke, where the local athletic association offers a good game and a real evening's amusement in real country style. The Sooke Harbor Athletic Association was recently organized and held its annual general meeting on Wednesday last, when the following officers were elected: Patron, R. H. Pooley, M.P.P.; hon. president, J. C. McIntosh, M.P.P.; president, Major George Nicholson, M.C.; vice-presidents, Dr. R. Felton, W. Charters, P. Craigie, J. Murray, J. P. A. Campbell and Captain K. Willis; secretary-treasurer, C. E. Morris; management committee, T. Wright, J. Phillips, A. Wilson, B. Muford and J. Hughes.

A football team is also being organized and the club intends holding social evenings and card drives during the winter months. Charter's Hall has been taken over as a gymnasium and club room. The secretary, C. E. Morris, would be glad to hear of any city teams which would like a trip out one night. The association will apply for affiliation with the B.C.A.A.U.

JACK JOHNSON BILLED FOR A FINISH FIGHT

Yuma, Ariz., Nov. 20.—Jack Johnson, former heavyweight champion of the world, has been matched to fight Carl Morris, of Tulsa, Okla., at San Luis, fourteen miles south of here in Mexico, according to announcement to-night by Al. Jones, Yuma boxing promoter. The bout will be held in December, the exact date to be announced later, Jones said. It will be a finish fight.

AROUND THE SPORT CAMPS

Victoria must be a magnet for Old Country professionals. Eleven of them all over thirty-five, matched against the shining lights of the amateur soccer league is a fixture spoken of as a probability for Christmas day.

The Vancouver rep team ran through the H.M.S. New Zealand fifteen for twenty-two points in an exhibition game. The score after the game with the Victoria fifteen postponed until Monday will help a lot in sizing up the respective strength for the inter-city games.

Ontario W. C. T. U.'s fight cigarettes. The fight will probably go the full distance before a decision is given.

Jimmy Wilde, the English fly-weight champion, signed articles of agreement at New York yesterday to meet Jack Sharkey in a 16-round bout at Milwaukee on December 6. The weight is to be 116 pounds at ringside to which Sharkey agreed and posted a forfeit.

The national American pocket billiard championship tournament to be held at Philadelphia commencing

December 1, will consist of a full round robin of forty-five games.

To learn to skate. Sit down, stand up. Try again. Be persistent. No charge for the information.

A trip to Seattle is looked forward to by the K. of C. soccer team in the near future to stack up against the Sound City players.

Jack Neary and Bob Burns are so confident in the little circle of soccer men with which they have surrounded themselves, that they would match them with any team in the game and then ask—"how many did you win by?" if they did not happen to see the game.

Caddish Caddy—Green Golfer—"Does it make any difference which club you use?"
Caddy—"Not to me, it don't."—Boston Transcript.

You Know Him!—"I don't like to play poker with Smith," said Brown. "Neither do I," replied Jones. "If he loses he gets hot-headed, and if he wins he gets cold feet."—Cincinnati Enquirer.

CHALLENGERS MEET "REP" RUGBY TEAM ON OAK BAY FIELD

Exciting Game Anticipated
Against Honeychurch's Fifteen

The game between the officers of H. M. S. New Zealand and the representative fifteen billed for Saturday having been cancelled, a blank was left on the Rugby programme for to-morrow. As a result the challenge thrown by Stanley Honeychurch was accepted by G. C. Grant, the captain of the side to wear the Victoria colors in the inter-city games. The New Zealanders will play the Wanderers Monday.

None of the Bays were picked for the representative side except in the capacity of reserves, and the challenge believed that some of the James Bay squad are worthy of a better place. He has named a team including thirteen James Bay men and two V. I. A. A. players.

The issue will be between the judgment of the selection committee and the opinion of the players. As long as it has been played in Victoria, and Honeychurch, who has also the latest dope on all the present day players. The members of the committee and Honeychurch are capable Rugby men who know how to make a selection from the material at hand.

Honeychurch believes that when the game is over there will be a lot of changes in the representative Rugby line-up. The selection committee are certain that they have made the best choice, and look upon the game as a workout for their stars. If the result of the game should show that changes are necessary they will, no doubt, make the alterations necessary to secure the strongest possible fifteen for the inter-city fight.

Mr. Hill or Mr. Sparkes will referee the game.

Most of the members of the representative team took advantage of the offer of the V. I. A. Club and had a workout at the gymnasium last night. After a strenuous scrum practice, a basketball game of the Boyd Davis brand, which made an American Rugby game look like a pink tea party, wound up the proceedings.

The teams will take the field as follows:

Representative Team.	
Fullback	Williams
Three-quarters	Grant Ker
Scrum half	Stand-off half
N. Robinson	D. Grubb
Forwards	
Ackland	Robinson
Helgeson	Pendray
L. Clark	A. Lewis
J. McRae	O
Travis	Duna Sansom Bennett
Fraser	Monteith
	Norris
	Honeychurch
Forwards	
McElbride	Stand-off half
Scrum half	Stand-off half
Vincent	Johnson Anderson Gosnell
Three-quarters	
Fullback	Steele
Honeychurch's Team.	
TWO JACKS' LEAGUE.	

In the Two Jacks' Billiard League Sale's team met Hinson's team last night. Each team had a man short, so that another game has to be played before the result of the match is determined. The scores made last night were as follows:

Sale	91	Hinson	250
Harper	250	Patton	204
Holman	250	J. Patch	158
Lees	196	Hall	230

The league match on Monday will be between the teams captained by Irish and Ashworth.

In the handicap tournament Crendon (r. 50) beat Norton (scratch) somewhat easily by 47 points. Crendon will now play Elmhurst for fifth and sixth places and Norton will play Hinson for seventh and eighth places.

The final will be played next Tuesday between Lovitt and Murray.

stock over to wrest the honors from British Columbia, so it is up to all to prepare for this event and get their best stock into the pink of condition.

ONTARIO HOCKEY.

Toronto, Nov. 21.—The annual meeting of the Ontario Hockey Association will be held at the Temple Building, this city, on Saturday, December 6. As the O. H. A. rules have been adopted by the Canadian Amateur Hockey Association, and will be in force in amateur hockey throughout Canada, no changes will be made at the coming convention, but consideration will be given to suggestions for alterations to be brought before the C. A. H. A. at its annual meeting.

VETERANS CHOSE UNUSUAL LINES OF RE-ESTABLISHMENT

Musical Blacksmith Enters
Professional Field on Return From War

BARTENDER PUTS UP A GOOD ARGUMENT

The harmonious blacksmith of fiction turned up in real life a few months ago and strolled into the vocational department of the Soldier's Civil Re-Establishment Commission. The blacksmith was one of the scores of returned men who regularly call into the S. C. R. offices with unusual requests regarding re-establishment.

Anvil to Key Board.

When the blacksmith's name was called he separated himself from among the waiting party of war sufferers seeking the assistance of the department to get into some occupation which would enable them to overcome the handicap of twisted limbs, crippled arms or other of war's tolls. "All my working life," he told the board sitting on judgment on the men's claims for re-establishment, "I have been a blacksmith. Since I was wounded it is no good me looking for a hefty kind of a job like that, and I couldn't hold it if I got it. I want a course in piano playing." Used to meeting with astounding requests in the way of demands for courses the board could not fail to register surprise. "Well, we've heard of the anvil chorus, there may be something behind it," said one of the board. The blacksmith stated that music was to be his profession in the future, and he already had some talent that way. To see if the applicant had any aptitude for the course before spending a lot of good money they sent him to an expert musician. "Help the man all you can. He has the makings of a genius" or words to that effect was the message that was sent back, and within a few days the blacksmith started on his musical career and the industrial experts report that from all indications in spite of the difference in his new method of earning a living to that which he pursued before the war the blacksmith's future looks rosy.

A Transfer.

A course in Salvation Army work was another unusual application listened to and agreed to by the members of the board. A young veteran meeting all the requirements of the men entitled to help in making up the ground they have been forced to lose

by the war told the members he sought a career in the Salvation Army, and had not the necessary training. Deciding that the young soldier conscientiously sought the transfer from the C. E. F. to the S. A., and was fitted for the work arrangements were made for him to be sent to a Salvation Army college for training.

One veteran finding that the bartender's art was listed with the dead languages found no market for his abilities when he doffed the khaki. Appearing before the board, he informed them that he left a profitable occupation to join in the fight. While he was away his job was ruled out of order. Serving overseas he had no opportunity to prepare himself for a new one, and was now released from the guardianship the army had held over him for several years, and without a trade of any use to him. His arguments were listened to with sympathy, and the bartender was given a chance to become a motor mechanic.

From Cloth to Court.

A lot of chaplains who went overseas, it is reported, have on their return decided to enter into the life of a layman. Some it has been said have decided to train for the legal profession others are entering upon a business career arising out of friendships made during their career in the army. These, however, do not come to the department, but one minister who served in the ranks found that he was forced to doff the clerical cloth. A wound in the jaw had made it impossible for him to occupy a pulpit or conduct a service with his former eloquence. The minister was given a course in social service work.

"There is hardly an application within reason that we are not able to meet," said one of the S. C. R. officials. We cannot meet an application for a man who aims to become a doctor, but even in such an instance where the circumstances are favorable we help a man. We give him a six months' course as we would in any other case, and he has to stand the remainder of the necessary expense himself. We help a man going in for a profession in this manner as much as we possible can on the allowance which the government makes."

Six months is the average length of the course given to a disabled man, and in special instances an extension is made. Many of the men are earning money while taking the course. If their monthly pay cheque amounts to less than the sixty dollars allowance made up for a single man the difference is made up. As the amount of money which may be used in pay and allowances would under such circumstances not be used in six months the course may run on considerably over six months. Should the man be earning \$30 per month his course could be continued for one year.

Correspondence Course.

The officials mentioned that correspondence courses are given to veterans who do not choose to throw themselves wholly on the slim allowance given to a man in training. A man employed, but with claims for vocational training on account of a disability, can fit himself for the future by specializing in some department of the occupation in which he is engaged. In such an instance a correspondence course is allowed at the expense of the S. C. R., although no pay and allowance is paid to the student.

NEW ZEALAND'S HOMES.

The New Zealand Government statistics relating to the census of 1916 have just been given out to the public. In classifying dwellings by number of rooms the figures show that out of 229,423 private dwellings in New Zealand, 9,000 have one room, 5,380 two rooms, 10,650 three rooms, 49,000 four rooms, 58,000 five rooms,

Standard for Over 60 Years

We began knitting underwear in Canada over 60 years ago. Quality has been our slogan all these years.

To us it means more than a phrase. It is a symbol of all that is best in underwear. It expresses the mission of this business—the standards of manufacture.

Correct styling, correct fit, correct finish, we must have at all times. But QUALITY stands out pre-eminent and dominates the field of underwear.

So QUALITY then is a prime factor in every garment that comes from the Turnbull mills. Always look for Turnbull's trade mark when you buy underwear.

SOUGHT REVENGE BUT TABLES WERE TURNED

Chinese Labor Company Almost Decimated by Bombing Action in France

Most tragic are the circumstances incident to the return of the remnants of Company No. 34, of the Chinese Labor Corps, now stationed at William Head awaiting transportation back to China from France.

According to information gleaned here this company passed through this port en route to Europe nine hundred strong. Now the total strength of the company is said to be forty-two.

Serving behind the lines in France on non-combatant duty the Chinese suffered severely from the frequent bombing attacks by German aeroplanes, and so incensed were the Orientals at the unprovoked attacks that they determined to retaliate when a favorable opportunity presented itself.

The story goes that the Chinese, when cleaning up the debris on the Western front discovered a quantity of Mills bombs, and the thought of revenge immediately occurred to the

Oriental. Filling their pockets with the bombs the Chinese closed in upon one of the prison camps where German prisoners were detained and they proceeded to bomb the prisoners. Not understanding the mechanism of the Mills' bomb the Chinese failed to draw the pins before precipitating the missile into the enclosure, and they were greatly surprised when the Germans turned the tables on them by calmly picking up the unexploded bombs, drew the pins, and hurled them back into the ranks of the Orientals. The bombs, of course, exploded this time with telling effect, and the Chinese company was sadly depleted in numbers.

New O. S. K. Liners Ready for Service By Next February

Two big passenger liners building in Japan to the order of the Osaka Shosen Kaisha will be ready to be commissioned for the trans-Pacific service by February, according to advices received from the Far East.

The two vessels are under construction at the plant of the Mitsui Bishi Dockyard Company at Nagasaki.

MINNEDOSA CANCELLED.
The sailing of the liner Minnedosa in the C. P. O. S. Atlantic service will be taken by the Corsican.

OPPOSE CHANGE IN PILOTAGE RATES

Nanaimo Board of Trade Approves Recommendations of Harbor Committee

The Nanaimo Harbor Committee is strongly opposed to the proposed changes in the present rates of pilotage and recommendations have been made to the board that the existing rates be allowed to stand. The report of the committee has been adopted by the Nanaimo Board of Trade and the secretary instructed to forward copies of the resolution to the Nanaimo federal member and the Minister of Marine.

The appended report was submitted by the Harbor Committee in connection with the proposed changes in pilotage matters in British Columbia waters.

WILL ARRIVE HERE NEXT MONDAY

R. M. S. NIAGARA

and management of the Minister of Marine, this endorsement was made on the distinct understanding that no increase in the present rates of pilotage should be enforced.

"And where the report of the Royal Commission on pilotage matters in British Columbia recommends rates which will increase the pilotage on seventy-five per cent. of the shipping calling at the ports in the district of Nanaimo, thereby causing detriment to the interest of our coal and lumber industries.

"We therefore recommend that the following resolution be forwarded to the Minister of Marine, viz:—

"That no change be made in the present rates of pilotage, which are as follows:

"(a) For vessels under sail, \$2.00 per foot draft, and 1c per ton net register, both entering and clearing.

"(b) For vessels in tow of a steamer, \$1.00 per foot draft and 1c per ton net register, both inwards and outwards.

"(c) For steamers \$1.00 per foot draft and 1c per ton net register.

"(d) Vessels requiring the services of a pilot in the navigation of the Gulf of Georgia or Haro Straits, \$1.00 per foot.

"But we recommend that Canadian owned or registered tow boats, scows, barges, shall be exempt from pilotage.

"That foreign scows and barges shall pay a pilotage fee of 1c per ton on the cargo carried, provided they do not have the services of a pilot.

"Foreign tow boats shall pay the same rates as other steamers.

"All fishing boats or fish carriers to be exempt from pilotage.

"Vessels clearing from one port to another in the same district to be charged full pilotage inward and half pilotage outward at the first port, and half pilotage inward and full pilotage outward at the second port."

DREADNAUGHT LAUNCH MARRED BY ACCIDENT

U. S. S. California Wrecked Pier After Leaving Mare Island Ways

Vallejo, Cal., Nov. 21.—When the super-dreadnaught California was launched from the navy's shipbuilding plant at Mare Island yesterday the brakes rigged up to stop the ship in the narrow channel failed to hold, and she crashed into a pier of the Mare Island-Vallejo ferry, tearing away ten feet of the pier and endangering a number of spectators. She finally came to a stop in shallow water.

Workmen on the California, seeing that the brakes were not going to hold, warned all spectators away from the ship as the vessel was about to crash. The California coasted for half a mile, despite the brakes. Tugs were soon engaged in endeavoring to pull her off into the stream.

Keel Laid in 1916

The California's keel was laid October 16, 1916, but during the war the men who fabricated her turned their tools to the knocking together of other and small warcraft designed to fight the submarine. For two years not a rivet was driven, but upon the signing of the armistice, the great hull again swarmed, clanked and rang with life.

In commission, the California will have a crew of 1,022 men and fifty-eight officers, full complement. She has a length over all of 624 feet, a breadth of 96 feet and a depth of 47.2 feet. Her displacement at her mean draught of 30.5 feet would be 32,000 tons. She has an estimated speed of twenty-one knots an hour and a normal fuel capacity of 4,900 tons.

It is estimated that she is fully thirty per cent. better protected than any other vessel in the United States navy, not excluding the New Mexico.

28,000 Horse Power Turbines

Her great turbines of 28,000 horse power are the principal unit of the California's electric system. The guns will be fired by electricity. Her ventilation, steering, supplying of power to the drive shaft, laundering, printing, ice cream freezing, cake-making and dish-washing all will be electrically operated. Although this has brought her total cost to somewhat in excess of \$15,000,000, a saving in weight is expected quickly to offset this cost. Her hull alone cost \$7,800,000.

In armament the California will rank high. Besides her twelve four-inch guns she will carry four submerged torpedo tubes, twenty-five two-inch rapid-fire guns, four six-pounders, three-inch anti-aircraft guns, three-inch landing guns, one thirty-caliber machine gun. She will be a fitting example of the "last word" in battleship designing and fitting, and will be the first ship of her class to be turned out in a Pacific Coast shipyard.

VESSLS' MOVEMENTS

Steamer Arrivals, Nov. 20.
La Touraine, at Havre from New York. Caronia, at Plymouth from New York. Royal George, at Plymouth from New York.

Saxonia, at Plymouth from New York. Seattle, Nov. 20.—Arrived: Strs. West Henshaw, Yokohama; Frank H. Buck, San Pedro; schr. Watson A. West, Sydney. Sailed: Strs. Admiral Rodman, Ocean Falls; Lyman Stewart, San Francisco; Cordova, Nanaimo; Northwestern, Southeastern Alaska.

Tacoma, Nov. 20.—Arrived: Strs. Brookwood, Seattle; Sailed: Strs. Chimico, New York; Brookwood, Seattle; Port Angeles, Port Angeles.

Portland, Nov. 20.—Arrived: Strs. Rose City, Celilo, San Francisco. San Francisco, Nov. 20.—Arrived: Strs. Saturn, Kodiak. Sailed: Strs. Bee, Coos Bay; Unimak, Stewart's Point.

**MASTS OF SCHOONER
VANCOUVER STEPPED**

Good progress is being made in outfitting the Norwegian schooner Vancouver at the Chelberg yard. The four masts have been stepped and the interior fittings of the vessel are about complete. The topmasts have been prepared and will shortly be hoisted into place.

Within a week or two the vessel will be ready to go on her loading berth.

ESQUIMALT PLANT HAD BUSY PERIOD

Several Large Jobs Handled By Yarrows, Ltd., During Month of October

There was considerable activity in docking and repairing ships at the Esquimalt plant of Yarrows, Ltd., during the month of October. The wooden steamships Montmagny, Vancouver, La Salle, Wilfrid Laurier and Acadie, of 3,000 tons each, and built here by the Foundation Company for the French Government, were docked for overhaul and painting.

The British tanker El Lobo, 5,000 tons, was docked for cleaning and painting, withdrawal of tall shaft for inspection, fitting of new propeller and general overhaul to boilers and engines. An important repair job was carried out on the Osaka Shosen Kaisha liner Africa Maru, 10,000 tons, repairs being effected to the steering gear of the Japanese ship.

The British tanker Belridge, 7,000 tons, was docked for cleaning and painting, and repairs to hull, main engines and boilers were carried out. The Canadian Government light-house tender Estevan, 1,500 tons, was docked for general overhaul. The installation of new Scotch marine boilers in the French wooden steamship General Paul, 3,000 tons, was completed, repairs to stern frame effected, new propeller fitted.

Recent marine repair work done at the Upper Harbor plant of the Victoria Machinery Depot, Ltd., included the steamers Princess Mary, Island Princess, Leachbro, the schooner Oregon and a number of tugboats.

To-morrow Yarrows, Ltd., will launch a new steel shallow-draft ferry which has been built to replace the old wooden ferry at Mission on the Fraser River. The engines will be installed at New Westminster.

**LINER IMPERATOR
FOR BRITISH FLAG**

Controversy Over Disposition of Former German Leviathan Settled

Washington, Nov. 21.—Settlement of the controversy over disposition of the German liner Imperator was indicated last night by Shipping Board officials, who intimated the ship would be tendered immediately to Great Britain.

Action with regard to the seven other German ships had not been determined, it was said. It will depend, it was indicated, on final disposition of the tankers under the German flag, but American-owned, now held in the Firth of Forth by direction of the Supreme Council.

**PRINCESS MAQUINNA
WILL SAIL TO-NIGHT**

The C. P. R. steamer Princess Maquinna, scheduled to sail last night, was unable to get away on time owing to heavy freight. She will leave port at 11 o'clock to-night for Port Angeles and other points on the West Coast of Vancouver Island.

**SUWA MARU IS
EXPECTED TO MAKE
PORT-WEEK HENCE**

The liner Suwa Maru, of the Nippon Yusen Kaisha, was scheduled to leave Yokohama November 16, and is expected to reach this port on Friday next. She is bringing in a full list of passengers and a capacity cargo.

PANAMA TOLLS

Record Sum Paid by 196 Commercial Ships During October.

Panama, Nov. 21.—Tolls from 196 commercial ships passing through the Panama Canal during October exceeded those of any previous month, amounting to \$601,000, compared with the next highest month, May, 1918, when \$544,000 was collected.

An ordinary fowl's feather will clean out teapot spouts admirably. When dusting carved furniture it will reach where a duster cannot. An oiled feather will cure squeaky hinges and locks, and oil the castors of chairs, etc. It will also lubricate the sewing-machine and mangle where required.

EASTERN GUIDE IS UNDER N.Y.K. CHARTER

United States Vessel to Be Delivered on Puget Sound

Built in Japan for the United States Shipping Board and under charter to the Nippon Yusen Kaisha, the steamship Eastern Guide is steaming across the Pacific, having sailed from Kobe for Seattle, November 11. The new vessel is expected on the coast the first week in December. Included in her 3,000-ton cargo is a small shipment of general freight for British Columbia, but it is not anticipated that she will touch here to discharge.

The Eastern Guide, upon completion, was chartered by the Nippon Yusen Kaisha for the trans-Pacific voyage. As soon as she has completed the discharge of her cargo the Eastern Guide will be delivered to Suzuki & Co., representing the builders, who will deliver her to the United States Shipping Board.

Another large steel carrier built in Japanese yards for the Shipping Board will shortly sail from Japan for the North Pacific coast. She is the Eastern Merchant, recently launched at Tsurumi, Japan.

The Government of Japan during the war concluded an agreement with the United States to build a certain amount of steel tonnage in exchange for steel supplied by the United States to Japan.

CETHANA ABOUT TO BE DELIVERED TO HER NEW OWNERS

The Chiberg motorship Cethana is due to leave Vancouver to-day for Seattle after discharging Australian cargo. She is one of a number of wooden motorships purchased by J. E. Chiberg from the Australian Government and will be delivered over to her new owner on arrival at Seattle. The Cethana will load lumber on the Puget Sound for Europe. The Chiberg fleet, in due at Seattle. The Cethana will load lumber on Puget Sound for Europe. The Chiberg fleet, in due at Seattle. The Cethana will load lumber on Puget Sound for Europe. The Chiberg fleet, in due at Seattle.

PRINCESS MAQUINNA WILL SAIL TO-NIGHT

FINAL RETURN LIMIT, APRIL 30, 1920

\$150 for the Round Trip from Vancouver, B.C.

Includes every expense on the going trip—berth, side trips, meals, entertainment.

An Excursion "de Luxe"

In a special train of modern Pullman electric lighted sleepers, observation, buffet and dining cars elegantly equipped, to the

Land of Summer in Winter

A trip of unequalled scenic beauty—through the fertile valleys of Oregon; over the Sierran Range, the upper source of the Sacramento; to Shasta Springs at the base of Mt. Shasta, from whence comes the name "Route of the Shasta Limited"; down the Sacramento Valley to San Francisco, that picturesque wonder city; along the rolling foothills of the Santa Clara Valley to Stanford University and San Jose; to Monterey, with its historic traditions; to Hotel Del Monte, that famous, romantic caravansary where, by the ocean's edge world travelers find recreation and rest; to the big trees near Santa Cruz; to Santa Cruz; to Santa Barbara and its historic mission—thence to the journey's destination, Los Angeles, that remarkable city whose climate is famed throughout the world. From here will be taken numerous side trips to Redlands, Riverside, via "The Orange Belt Route" to the orange groves and many charming places as well as to points along the entire line.

No crowding will be permitted, so it is very important that reservations be made as soon as possible, especially for the first train leaving Vancouver December 16th, and more especially as each train will be limited to not more than 150 passengers.

Full and complete information in regard to various side trips, hotel accommodation and sight-seeing tours en route, together with complete itinerary can be secured from Faidis Financial and Travel Bureau, Limited, 626 Hastings St. West, Vancouver, B.C.

The trains will be personally conducted by one of the Company's capable representatives, so that passengers will have no trouble either in regard to baggage, sleeping car reservations and hotel accommodation on the entire trip.

The former special train run January, 1914, proved so popular with the people of British Columbia, that after various requests have been made the Company decided to make similar arrangements for these special trains this winter with the above result.

OVER A THOUSAND
GUESTS ENJOYED
BIG POLICE BALLElaborate Arrangements at
Delightful Event at Willows
Last NightWAS MOST CREDITABLE
TO CITY POLICE FORCE

An event which in the far-off days before the war was acknowledged to be the biggest and most brilliant event of the social season was revived with all its old-time splendor last night at the Willows Park, when the Victoria City Police held their sixth annual ball. Staged on a huge scale, the event bore all the hallmarks of the hospitality which has earned for the force the reputation of successful hosts, and not a single feature which could have contributed in any way to the comfort and enjoyment of their guests was omitted.

Excellent Arrangements.

Fully one thousand guests were in attendance, and long before the hour scheduled for the opening grand march, the approach to the building was a hum with automobiles laden with their freight of merry-makers. Here the guests were given a foretaste of the excellent arrangements which throughout marked the proceedings. A squad of men under the direction of Constable Acreman, directed the traffic and saw to the checking and parking of the cars. In this the Oak Bay police lent welcome assistance, and despite the unpleasant weather conditions guests found the way made easy for them. Within a wonderful metamorphosis had taken place. Covered-in and carpeted corridors connecting the Women's Building and the main arena had sprung into being, mushroom-like, and a splendid lighting system had been installed throughout.

Camouflaged with lavish decorations of bunting, flags and emblems of every hue, the hall, with its well-prepared floor, made an ideal dancing hall. Occupying the central position was the rostrum from which Professor Lou Turner's twenty-five-piece orchestra dispensed the latest music, and which formed the hub of the whirling crowd of dancers. Near the main entrance comfortable lounges and easy chairs, sequestered among groups of palms, formed a delightful rendezvous for those who wished to sit out a dance occasionally, while seats were also ranged around the walls. The gallery on the left was reserved for spectators, while that on the right was given over to non-dancers who wished to devote the evening to cards. In an alcove delicious iced drinks were dispensed throughout the evening.

The Grand March.

At 9 o'clock the signal was given for the grand march with which the ball formally opened. The Lieutenant-Governor led off with Mrs. Langley, wife of the Chief of Police, followed by Chief Langley and Lady Barnard, Police Commissioner Day and Miss Brownie Bodwell, Detective Perdue and Mrs. Day, and after them a long succession of couples that filled past in an endless stream. A picturesque element was introduced by the police in their smart uniforms with glittering buttons and badges, and a contingent of the Royal Northwest Mounted Policemen in their scarlet tunics. The Seattle police force were represented by Sgt. R. Olmsted, Constable J. J. Crawford, Constable

Blind
WITH
ECZEMA

For three years the little son of G. Romanuk, of Edenbridge, suffered with bad attack of eczema, which everything failed to cure until they used Zam-Buk. The father, writing to the Zam-Buk Co., says:

"For three years my little son suffered with a severe attack of eczema, which many doctors pronounced incurable. For two years the sores on his eyes and forehead were so bad that he was unable to see. We tried everything, but without any benefit and he was in a shocking condition when Rabbi Shalit recommended Zam-Buk. This wonderful ointment has entirely cured my boy, and I cannot express my gratitude for his marvellous recovery."

Zam-Buk is also unequalled for ringworm, scalp sores, salt rheum, old wounds, blood-poisoning, piles, burns, cuts, scalds, and all skin injuries. 50c. box, 3 for \$1.25. All druggists and stores, or Zam-Buk Co., Toronto. Send 1c. stamp for postage on FREE trial box.

CHASE & SANBORN
MONTREAL

and Mrs. R. Arnold, Constable and Mrs. Bowls, Constable and Mrs. T. Hartnet and Detective and Mrs. C. Wechsler, while the Vancouver guests included Detectives R. Shearer and B. Champion and Mrs. Champion.

On arrival the "official" guests were received by a committee comprising:

George Jay, Police Magistrate; J. M. Langley, Chief of Police; Thomas Palmer, Deputy Chief; G. M. Perdue, Inspector of Detectives; H. J. O'Leary, Detective Sergeant; Sergeant R. H. Walker, Detective Victor Heather, Jailer Thomas Hall and Constables W. Harper and A. H. Bishop. Sergeant John Fry made a splendid Master of Ceremonies, with Constable Frank Jones as assistant. The floor committee comprised Sergeants Boulton and Carlow, Detectives Heather, Phipps and Scallano, Constables G. Forster, Allen, Heatley, Palmer, Shakespeare and Pook. Driver W. Caldwell was chairman of the management committee, associated with him being Constables J. A. McEllan and J. A. Anderson, George Varney acting as secretary.

Dance Toasts.

A novelty in connection with the dance programmes was that these read like toast lists; in lieu of the title of the music there were opposite the numbers the following: "To the King," "To the Lieutenant-Governor," "To the Premier," "To the Mayor and City Council," "To Our Police Commissioners," "To Our Chief," "To Our Police Magistrate," "To Our City Prosecutor," "To Our Police Court Clerk," "To the Judges," "To Our Deputy Chief," "To Our Office Forces," "To Our Sergeants," "To Our Inspector of Detectives," "To Our Detective Department," "To Our Fire Department," "To Our Visitors," "To Our Army and Navy," "To the Returned Boys," "To Our Women Police," "To Our Matron and Jailers," "To Our Patrol Drivers," "To Our Motor-cycle Corps," "To Our Boys on Duty To-night," "To Langley's Bluecoats," "To Our Union," "To the Newspaper Friends," "To the Provincial Police," "To Our Sergeants of Detectives." Last of all, before "God Save the King," was the waltz, "Goodbye, Everybody."

Elaborate Supper.

In keeping with the elaborateness of the general scheme were the supper arrangements, served in the basement of the women's building to which access was made by a covered and carpeted run-way. The lavish decorative scheme of the ballroom found repetition in the supper room, decorations with its wealth of bunting, flags and emblems. The long table groined with delectable fare, salads, trifles, galatines, sandwiches and creams in abundance being lined in tempting array against a wonderful background of shaded table lights, golden and bronze chandeliers, vases, and baskets piled high with choice fruits. Driver Caldwell was the genius in charge of the decorative scheme, while the catering was in the capable hands of A. Hill, of the White Lunch. No less than fourteen waitresses were in attendance to look after the wants of the guests, Sergeant Walker, Constables Florence, Hatch and Heatley being in charge of this department.

For Police Funds.

With every provision made for the entertainment of the guests, it is not surprising to note that the ball went with a zest and swing, and that when the playing of the National Anthem at 3 a. m. signalled the closing hour it was with evident reluctance that the huge crowd of dancers left the floor. So excellent were the arrangements in the cloak-room that the exodus of guests was carried on with the minimum of confusion and it was conceded on all hands that the affair was one of the most delightful ever staged in the city.

Too much praise cannot be given to the force for the genius displayed in organising and carrying out the event, and it is hoped and anticipated that their efforts will be rewarded with a handsome sum for the beneficiary, the Victoria Police Mutual Benefit Association.

LETTERS

Letters addressed to the Editor and intended for publication must be short, and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

THE ETHICS OF TAXATION.

To the Editor:—One wonders where Mr. Marchant got his ethical conceptions. Ethics, I remember, deals with the moral virtues, one of which is justice. This is in conformity with what is right and fair. Distributive justice, in a state or municipality, involves an even distribution of burdens and benefits. Each citizen who enjoys the benefits of civilized life in a community ought to bear his fair share of the burdens. Under our system of single tax those who are unfortunate enough to own land are made to bear virtually the whole burden of taxation. If this be ethically right, then I confess that I have not even the most rudimentary notion of what right means.

ALEX. MACDONALD,
Bishop of Victoria.

PECAUTION AGAINST FLU.

To the Editor:—In view of a possible outbreak again this winter of the deadly "influenza" fever and of the beneficial results of inoculation against it, a vigorous preparation in the laboratory should be going on to produce an abundant supply of the detoxicated vaccine such as was discovered by Dr. David Thomson and proved by use to be so efficacious in London.

Is such a precaution being taken?
M. A. FENTON.
General Delivery P.O., Victoria,
Nov. 20, 1919.

WANTS POLITICAL PARTY.

To the Editor:—It seems to me that the merry little game of "passing the buck" was the principal feature of the mass meeting at the Armory on Saturday last. Lamentation, loud, long and deep occupied the usual place on the programme, while the widows, the orphans, and the dependents of "these gallant fellows who sleep to-night in France and Flanders" were referred to in language sufficiently touching to moisten the eye of the most hardened. The speakers were in excellent form, their recitations of the injustices, the inequalities, and the handicaps under which the returned men suffer bearing eloquent testimony to much study of the subject.

The Government, of course, came in for much criticism—favorable and otherwise—and in consequence of their bungling of the re-establishment problem, are up against the terrible prospect of facing "protest meetings" in every town, village and hamlet in the country. This, it seems, is the very best method of making the powers that be sit up and take notice; at least this is what the speaker decided, and they ought to know. One speaker had an idea that something might be accomplished through the ballot, and he moved a resolution to the effect that a political body be formed. He was speedily convinced of his error, however, and after being put right by the chairman as to the aims and objects of the meeting, he humbly withdrew his motion. The chairman seemed distressed lest anyone should leave the building under the impression that the returned man was present.

OUCH! CORNS!
LIFT CORNS OFF

Doesn't hurt a bit to lift sore, touchy corns off with fingers

Yes! Magic! Drop a little Freezone on a bothersome corn, instantly that corn stops hurting, then you lift it right off. No pain! Try it. A few cents buys a tiny bottle of Freezone at any drug store. This is sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, also all calluses, and without the slightest soreness or irritation. It doesn't hurt at all! Freezone is the magic ether discovery of the Cincinnati genius.

Every Shoe Has Its
Own Rubber

The Dominion Rubber System experts have anticipated every style in Fall and Winter footwear, and have supplied the dealers with rubbers of every size and shape to perfectly fit the shoes of every man, woman and child in Canada.

You can get these comfortable and perfect fitting rubbers by asking your dealer for any of these six brands:

"Jacques Cartier," "Merchants,"
"Maple Leaf," "Granby,"
"Dominion" or "Daisy"

They are all reliable

Dominion Rubber
System Products

and are sold by the best dealers
throughout Canada.

ing a pistol to the heart of the country with the object of making it "stand and deliver." I suppose he was simply having his little joke, for otherwise it would be hard to understand how we could be suspected of presenting a pistol, when we have neither pistol nor other weapon to present. I am assuming, of course, that the pistol referred to was the ballot, but this, sad to say, did not return the man cannot apparently be trusted to use, I am forced to the conclusion that I was only trying to inject a little humor into the proceedings. Another speaker advocated the appointment of a Royal Commission to inquire into the whole matter, but this, sad to say, did not meet with much sympathy from the boys. This was, perhaps, the kindest cut of all, and must have been most discouraging to some of the service organizations whose faith in the Royal Commission is at times touching. This speaker seemed in very low spirits at the thought of the financial condition in which the country would find itself, were it to meet the demands of those advocating a cash bonus. He cheered up considerably, however, when he suddenly conceived a scheme under which the Government could not only pay the gratuity, but would, after paying same, have a surplus of forty-five million. Meantime, while this farce is being played to a finish, some of the boys

who have been "over there" are almost down and out for the count, and not only are they in want, but their wives and families are feeling the pinch. According to a letter published in yesterday's press, at least one family is in a state of absolute distress; and although the comrade in question is an industrious and desirable citizen, he cannot find work to do. Think of it! While the various returned soldier organizations are moving resolutions and organizing "protest meetings," about which no one—least of all the Government—cares a continental hoot, some of the men who went over to "make the world safe for democracy" have returned and find that the democracy for which they helped to make the world safe, cannot provide them with the means to earn a living for themselves and their families.

and I venture to predict that we will have no repetition of the slap in the face recently administered to the soldier cause by the Government at Ottawa.

R. P. M'LENNAN,
1707 Vancouver Street, Victoria,
B. C., Nov. 19, 1919.

Fish, before cooking, should always be washed in cold water, but not left in the waste water, or it will lose flavor and firmness.

BLISS NATIVE
HERB
TABLETS

Have you noticed the rugged, healthy complexion of our soldiers and sailors—their elastic step, and strong, manly bearing. This condition is due to outdoor life, plenty of exercise, regular habits and wholesome food. Your responsibilities may not permit you to work, live and play outdoors. You may have to grind away at a machine, a desk, or other employment, until your condition becomes stale. Indigestion, constipation, headaches and general debility follow. Your liver and kidneys fail to act properly, and your blood becomes poor and sluggish. Don't be a health-slacker. Take Bliss Native Herb Tablets. They will relieve constipation, remove indigestion, help to prevent rheumatism and make you fit. Look for trade mark. Our money back guarantee on every box, \$1.00. Sold by leading druggists and local agents everywhere. Made by Alonso O. Bliss Co., Montreal, Que.

JAPAN, NOT DEALING
WITH BOLSHEVIKI

Paris, Nov. 21.—The Japanese delegation to the Peace Conference yesterday denied a published report that negotiations were in progress between the Russian Soviet Government and Japan.

A dispatch from London under date of November 19 quoted the Berlin correspondent of The Daily Herald, as saying he had learned that the Russian Soviet Government, in view of the victorious advance of its army in Siberia, was trying to get into touch with Japan in order to reach a settlement.

BELGIAN ELECTION.

Brussels, Nov. 21.—The result of the general election gives the Socialists 644,489 votes; Roman Catholics, 618,505; Liberals, 309,463; Christian Democrats, 45,187; Front Party, 42,173; Middle Classes, 22,543; National Regenerationists, 14,432. The Socialists and Liberals will have 104 seats in the Chamber of Representatives and the other parties 79.

SLEEPING SICKNESS.

Winnipeg, Nov. 21.—Two more cases of sleeping sickness were reported to city health authorities yesterday, bringing the total number since the disease appeared to 17. The death list still remains at five.

2750 BLACKWOOD STREET.

Six-room, modern bungalow; brick fireplace in dining room; built-in buffet and beamed ceiling; kitchen; three bedrooms; full cement basement with furnace. Price \$2,500, terms arranged.

SAANICH DISTRICT.
Nearly an acre, with 6-room, modern house; hot water heat, full cement basement, shower bath and stationary tub; good garden, fruit trees, etc.; first-class garage. This is an ideal country home, close to the city, and has all city conveniences, such as electric light, city water and telephone. Price \$5,000, terms.

PLEASANT AVENUE, OAK BAY—FURNISHED.
Six-room, strictly modern, solid granite house, exceptionally well built, with life time finished throughout. A home which will last a lifetime. Another exceptional feature is the roof, which is of slate. The interior is finished in selected woods with first-class hardwood floors. There are three open fireplaces and beautiful electric fixtures. The furniture and furnishings are of the best throughout. Hot water heating system, stationary reception hall, etc. Everything is included for quick sale at the snap price of \$1,500, on terms.

HAMPSHIRE ROAD.
This modern house is situated close to Oak Bay Avenue and is one of the most select locations of the city. The house was built by the owner for his own use, and no expense was spared to make it complete and comfortable. It contains, including an attractive paneled reception hall, and large open hearth and heavy staircase. The living room takes in the full width of the house and contains a brick fireplace, built-in bookcases and paneled walls. Very pretty dining room, with built-in buffet. Cabinet kitchen and four square built-in tables, with a bathroom with built-in wardrobe. The ground floor is of oak and equipped throughout with vacuum system, ready for operation. The garage is designed on the same plan as the house, and contains two cars, and the grounds, comprising over one-third of an acre, are made in lawn with pretty shrubs, oak trees and kitchen garden. Owner has left city and is instructed to sell. Price and terms upon application. No telephone information given.

HOLLYWOOD CRESCENT.
Six-room bungalow, facing the river, and an unobstructed view of the Straits and mountains. There is a hall, living room with built-in buffet, dining room, kitchen, three bedrooms and bathroom. The house is built on a half acre and has furnace and tubs. Price \$3,500; terms, \$500 cash, balance monthly.

Not a Passing Fancy

This movement that is taking place is not a passing fancy—in fact, the movement is gaining impetus, and more and more are decided to take the step and start in to cultivate the land.

Living in cities and towns is becoming more and more difficult, the rise in the cost of necessities has made it difficult to get along, and people are looking for small acreages where they can start their own business, and find a ready sale for the remainder of the proceeds. This property is just what they need, and helps pay for their food. It is a proven every day of the week. Call in on us and let us tell you how you can start. We have acreage that we are selling in a settled community for \$10 per acre. Payments spread over five years with interest. We are pleased to give you any information you require.

By purchasing a small acreage and building up their home according to their own ideas brings out their individuality, and not only increases their resources and gives them better health, but it pays good dividends in the long run. Let us show you how to make living expenses on this beautiful property your usual occupation in the city. You reach it from the City Hall in 15 minutes without hurrying. It takes 20 to come by car from Oak Bay. If you have or can get a small car you can follow this suggestion. See us about it in the morning.

Births, Marriages, Deaths

MARRIED.

REID-JOELIN—On Nov. 19, 1919, at the residence of the groom's parents, 123 Bimco Street, Gordon Stanley, son of Mr. and Mrs. S. N. Reid, to Mary (Mae) Joslin, of Ottawa, Ontario.

DIED.

WOLLOWAY—On Nov. 19, 1919, at St. Joseph's Hospital, Laura, beloved wife of Harry Wolloway, of 734 Broughton Street, aged 47 years; born at Birmingham, England.

The remains are resting at the B. C. Funeral Chapel, 734 Broughton Street, from whence the funeral will take place on Saturday, Nov. 22, at 2 p. m. Interment taking place in Ross Bay Cemetery.

GALLAWAY—On Nov. 20, 1919, at Isolation Hospital, Adelaide, wife of Walter K. Gallaway, of 531 Francis Avenue, aged 5 years and 16 days; born in Calgary.

The funeral, which will be private, will take place Saturday, Nov. 22, 1919. Interment in Ross Bay Cemetery.

Any flowers left at the office of the B. C. Funeral Co., 734 Broughton Street, up till noon, will be delivered.

MURPHY—On November 19, at the residence of her father, Mr. F. T. Murphy, 101 Collins Street, San Francisco, California, Nora Charlotte Murphy, aged 22 years and 10 months, of blood poisoning. Interment at Cypress Lawn Cemetery, November 19.

Leaves to mourn her loss father, mother, brother, and many relatives in this city.

OBITUARY RECORD

The funeral of the late Pamure A. A. Babington took place yesterday afternoon. The cortege left the family residence, 1135 McClure Street, at 2.30, proceeding to St. Barnabas' Church, where service was conducted by the Rev. N. E. Smith, assisted by the Rev. F. H. Patt. Two hymns were sung, "Abide With Me" and "The Sands of Time Are Sinking." There was a large attendance, and many floral tributes covered the casket. The members of Vancouver Encompiement, I. O. O. F., attended in a body, and there was also a delegation of the Rebekahs. At the graveside the I. O. O. F. service was conducted by Bro. F. G. Cudlip, acting N. G. of Dominion Lodge No. 4, assisted by Bro. T. B. Shaver, chaplain. The body was laid to rest in the family plot at Ross Bay Cemetery. The following members of the I. O. O. F. acted as pallbearers: Bros. Wm. Cullin, Frank Kernode, Robert Anderson, Walter Walker, James Bell and Andrew Sheret.

The death occurred yesterday at the Chinese Hospital of Wong Yook Him, late of Golden. The deceased was fifty-three years of age and born in Canton, China. He was married, and had been in this country for the past twenty years, being engaged in the laundry business. The funeral will take place from the B. C. Funeral Parlors Saturday afternoon.

Muriel Margaret Gallaway, nine years old, eldest child of Mr. and Mrs. Walter K. Gallaway, 531 Francis Avenue, died in the Isolation Hospital last night. She was born in Calgary and had lived here for the last seven years, attending the Tillamook and Burnside Schools. The Rev. J. W. Milston will officiate. Flowers left at the B. C. Funeral rooms will be delivered.

POLICE OF DETROIT ROUND UP THIEVES

Detroit, Mich., Nov. 21.—Jewelry, clothing and silverware said to total upwards of \$50,000 in value, stolen in a long series of burglaries, was recovered last night, the police announced to-day with the arrest of seven men whom the authorities declare are members of a gang of New York gunmen.

For the wear and tear of the daily grind—a food that rebuilds—**GrapeNuts** with a uniquely appetizing flavor.

SAYS CONFERENCE COMMITTED ERRORS

Viscount Bryce Says League Needs But Still Lacks Support

London, Nov. 13.—Viscount Bryce, speaking on the League of Nations at a dinner, asserted that after making all allowances for it, he was bound to say he thought the Peace Conference had committed very grave errors and was in danger of committing some others.

If differences resulting were going to survive there was further need for the League of Nations, "which alone could deal with them," he declared. "The League of Nations, as the people of the world are making it, and it can not be effective unless supported by the public opinion of all that is best in every country."

Otherwise Occupied. He said he was afraid there were only two countries—Great Britain and the United States—where the idea had caught hold of the best opinion, and even there it had not got down to the minds of the bulk of the people. The reason was that they were so much occupied with their own affairs that they took little interest in foreign affairs, and it was essential that the importance of this question should be brought home to every voter.

He said a great deal of the proceedings of the Conference had been "shrouded in impenetrable darkness." What had happened had not been made known to the public. He said it was "possible to induce nations to acquiesce in secret diplomacy to an extent greater than any one would have believed possible."

HAMILTON CUSTOMS COLLECTOR DIES

Hamilton, Ont., Nov. 21.—Adam Zimmerman, Collector of Customs for the port of Hamilton, died at his home here early to-day after a few weeks' illness. He was sixty-seven years old and a native of Harnburg, Pa. For five years he was the Federal labor member of West Hamilton. He also served on school boards and license boards. He established a large tailoring business here. Mr. Zimmerman was a thirty-second degree Mason. Besides his widow, he is survived by two sons, Otto, in British Columbia, and Alexander, of this city, and one daughter, Mrs. Hugh Laidlaw, of Ottawa.

FIVE COURTS DEAL WITH CRIMINAL WORK IN WINNIPEG NOW

Winnipeg, Nov. 21.—To-day the grand jury brought in a true bill on an indictment of intimidation against Fred Walbank, W. Raphael, Andrew Armstrong, R. Eastern and R. Skilbury.

For the first time in the history of Manitoba, five courts were in session in the assizes to-day, in order that the long list of about eighty cases may be disposed of as early as possible. The opinion prevails that the minor cases will be finished early next week, leaving only the more important cases arising out of the strike to be heard.

It is expected that the first major strike cases will come up late this afternoon before Mr. Justice Metcalf, when F. L. Dixon, M.P., will be arraigned on three counts of publishing seditious libels.

APPROVED BY PERU.

Washington, Nov. 20.—The Treaty of Versailles was approved unanimously by the Peruvian National Assembly, the Peruvian Embassy here was notified yesterday.

NEWEST OIL KING CANADIAN BOY

H. A. Rispin, Discoverer of Lusk Oil Fields, Born in Ontario.

Like an Arabian Nights story reads the account of the recent discovery of the great Lusk Oil Fields, due entirely to the faith and perseverance of one determined man. H. A. Rispin, whose business address is in the Hobart building, San Francisco, has a fighting jaw and, from his Canadian blood, has inherited that streak of stubborn persistence which has finally resulted in his own great fortune and that of those lucky enough to be associated with him.

During his pioneering days—and Mr. Rispin has been an oil man all his life—the frequent cold, exposure, and rain in which he carried on his prospecting resulted in the inevitable rheumatism. Mr. Rispin found himself severely handicapped from a business point of view and also suffering great bodily pain and discomfort. A friend sent him a box of Templeton's Rheumatic Capsules. He writes in reply: "T. R. C.'s arrived, and I immediately commenced on them. The relief was noticeable from the first dose, and in a few days all pain had left me. The results seem miraculous."

Just another version of the same old story—T. R. C.'s have been doing these things for fifteen years. If there isn't a T. R. C. agent in your town, write Templeton's Western Branch, Box 152, Victoria, for booklet. T. R. C.'s mailed anywhere for \$1.04.

CALLS AGRICULTURE ROCK OF PROSPERITY

Hon. S. F. Tolmie Issues First Appeal Through Departmental Gazette

"Agriculture—Canada's leading industry and the world's greatest science—is the rock on which we must establish Canada's future prosperity and it must be the source from which we will derive the wealth necessary to meet our financial obligations," says Hon. S. F. Tolmie, Minister of Agriculture, in his first preface as Minister, in the Agricultural Gazette of Canada. "Statistics show us that our financial debt, which on March 31, 1914, was \$140,000,000, approximately at the same date in 1918, \$1,500,000,000, and the yearly interest, which on the former sum was \$12,000,000, becomes on the latter debt, \$77,000,000. There at a glance is Canada's financial burden. It is appalling! However, I am confident that this Dominion, through the development of her natural resources, will in time wipe out her debt. Timbers, fisheries and mines all contribute their part of the revenue, but by far the greatest returns will be derived from agriculture, which industry we must continue to establish in permanency and increase in magnitude."

A Brighter Vision. The former statements indicate the dark side of our situation; there is a brighter vision. Looking over our trade reports we find that our exports of food, which in 1914 amounted to \$196,903,312, have increased to \$388,746,756 by 1919. We are a producing nation and we find that it pays to export. In this connection we must remember that our markets deserve the closest attention. Not only must we bring about a better interprovincial relationship in commerce and continue our dealings with the neighboring Republic, but we must also develop the overseas markets and especially establish trade with the Mother Country. I believe that the time has arrived when the agricultural interests should have the very best man available located in London to look after our business and see that our goods are placed on the market in the best possible shape. It is the aim of the government to locate for the farmer the best markets, keep him apprised of their state, and informed on all points pertinent to his business. I favor the enlarging of our cold storage facilities for overseas shipping and believe that this will be a step in assisting us to compete with foreign countries. We cannot control export prices, but we seek to place our goods economically on foreign markets and thus increase our ultimate returns.

Conservation of Wealth. "One of the greatest responsibilities that falls on either the federal or provincial departments of agriculture is the conservation of the great wealth that lies in the virgin soil. Innumerable considerations are involved in this one problem but the whole affair can be accomplished if we engage in mixed farming with live stock as a basis. This is the fundamental principle underlying success in agriculture. We must establish our name for quality in live stock and have done for quality in grain. Quality must be our slogan if we are to successfully compete with the Argentine. It is by better breeding, better feeding, and better finishing that we can attain a position second to none in the live stock world. The scrub sire is doomed and is now being prepared for the block. An accredited system of herd inspection is being established with a view to stamping out disease and insuring health in our herds. In whatever direction our trade develops it is our duty to see that only first class stock free from disease of any kind, is exported.

Best Immigrants Wanted. How can agricultural production be increased? During the past five years the industry has grown through the concerted efforts of loyal citizens, who co-operated, organized, and labored under the most adverse conditions. This production must be continued and increased if we are to meet our obligations with our products. We have the land, we know how to produce, but we need men. We need immigrants, but we want the kind that will promote harmony, unity, and industry throughout the Dominion. Our immigrants must be selected and those who will adopt our standards of living, and respect our laws can be considered desirable people to be adopted as Canadian citizens. The many difficulties we now face can be overcome if we labor in harmony for the purpose of meeting our financial obligations with our agricultural products.

SERBIANS TIRED OF D'ANNUNZIO'S ACTS

Paris, Nov. 21.—The fact that Serbian demobilization has stopped was confirmed yesterday by the Serbian peace delegation, where great disappointment was expressed at the failure of the Supreme Council to settle the Adriatic question. This is said to be in response the economic and political policy of the Serbian Government.

The delegation said the people of Serbia had reached the limits of patience, and that public opinion might force the Government to take whatever measures might prove necessary should another D'Annunzio be attempted along the Dalmatian coast.

FARRIS PROMISES NEW LEGISLATION

Attorney-General States Prohibition Act Will Be Amended

Nelson, Nov. 21.—There will be new legislation on prohibition in British Columbia at the session of the Legislature in February, announcement was made here by Hon. J. W. de B. Farris, who with Hon. J. H. King, Minister of Public Works, addressed a large meeting.

The Attorney-General was explicit in his view of the prohibition question. The present prescription evil must be abated, he asserted. "The Government of British Columbia is now selling more than \$100,000 worth of liquor a month camouflaged as medicine, and this condition cannot continue. The remedy should not be by wholesale prosecution of the medical profession for a condition forced upon them by the Legislature and passed without their consent and against their will."

"The Legislature has got to face this question at the coming session. If the people want the Government to sell liquor as a beverage they must be honest with themselves and say so and legislate to do it legally. If they really want prohibition the Act must be changed at the coming session to prevent a condition of hypocrisy where we are selling liquor as a beverage under the guise of selling it as a medicine."

"If the people want a referendum on Government sale as a beverage let them have it, but referendum or no referendum, the present Act must be changed at this session to abate the prescription evil. With all its shortcomings the present Act is a great improvement on the old bar conditions which can never return."

COLONEL LECKIE RETURNS TO COAST

Vancouver, Nov. 21.—Veterans of the former 16th Canadian Scottish Battalion are anxious to give a fitting welcome to their former commanding officer, Colonel "Jack" Leckie, C.M.G., D.S.O., who is expected to reach this city within the next day or two after five years' absence.

Colonel Leckie left Vancouver with the First Contingent in August, 1914, and went to France with the 16th. He acted as second in command when his brother, now Major-General R. G. Leckie, C.M.G., commanded the battalion, and when the latter was given command of the Third Brigade succeeded him as commanding officer.

NEWS AND NOTES OF THE MINES

Anderson Claims. A. Wood, manager of the Taltarn Mining Company's operations on the Anderson group out from Burns Lake, is highly optimistic in his opinion of the property. Assays taken of the four-foot streak of high-grade in the eight-foot outcropping on Anderson Creek show very valuable ore of high silver content, and this is behind the enthusiasm of Mr. Wood, and also worked up high hopes among the residents of Burns Lake, which town will benefit greatly from the successful operation of the property.

Mr. Wood stated that plans for work were being developed and carried into effect at a rate promising well for an early start on mining. The men engaged on building a winter road are making fine progress, and just before leaving for the coast a crew was put on at the mine end to put up the necessary camp buildings for the miners.

Rich Silver Ore. A small shipment of high-grade ore has arrived at Hyder, Alaska, which close to Stewart, from the Forty-Nine Mine. It is said to rank among the finest ore the district has produced and is expected to average \$1,000 to the ton. H. Howson, who is in charge of the work, is very enthusiastic with the showing developed. The diamond drill work, now in progress, is reported to have demonstrated that the Forty-Nine is likely to become a producer of importance.

California Mine. The process by which the ore of the California mine, on Morning Mountain, Nelson, will be treated, has been decided, and the California Mining Company is now about to place its order for the necessary new machinery. John R. Cassin, president of the company, who is up here from Spokane, stated to The Nelson News. Experimentation carried on at the Athabasca mill, by Cecil E. Crossley, provided the basis on which the process was determined. At present the mill, which was built to treat Athabasca ore, is purely a stamp mill. To the ten stamps, will be added a ball mill which will be used for primary grinding and which will operate in a close circuit with the classifier. The product will pass over Senn small-grinding tables and will finally be treated by oil flotation. The experiments indicate that 90 per cent. of the values can be saved by the treatment outlined.

No extension of the mill building will be required. The capacity of 25 to 30 tons may be increased by putting in additional grinders and tables, as the output of the mine may require.

Wants Mining Road. Owners of thirty-five mining properties in Lightning Peak which have been developed to the point where they would become small shippers if transportation facilities were afforded, are starting a round robin petition for extension of the present Edgewood Pre-emption road a further distance of ten miles, from Pre-emption to Deep Creek, on the Vernon highway.

To Work Manson Placers. According to a report current in the district, the Kildare people will return early in the spring to resume mining operations suspended in 1914. The Kildare company have valuable placer grounds on Manson Creek. All the necessary machinery and big works were installed many years ago, and have been idle since 1914.

District Engineer Home. J. D. Galloway has returned to Smithers from Barkerville, and reports great development in that vicinity. Two new companies have taken working bonds, and even considering the drawbacks from a transportation outlook things are well on the way for a good winter's work.

Property at Usk. At a meeting of the directors of the Kleanza Mining Co. held last week, it was decided to suspend operation of their plans calling for the hand driving of one hundred feet of tunnel at their mine at Usk, says The Interior News. This work will be held over until the completion of the power plant and the installation of mining machinery, and as a consequence several men were laid off. Work on the other undertakings connected with development will go ahead with all haste, the change of plans being purely a matter of economical operation at the mine.

Before using new enamelled cooking utensils, the housewife should grease the inside of each with fat. This prevents the enamel from cracking and chipping quickly.

WE SELL SHELLY'S BREAD

Friendship Club.—The Friendship Club held their first dance of the season in the K. of P. Hall on Wednesday evening in the form of a masquerade. About seventy-five couples were present and the committee were assured that everyone had a good time, dancing from 9 till 1, the music being supplied by Mr. Zala's three-piece orchestra. Refreshments were served at 11 p. m. by a capable staff of young ladies.

Princess Alexandra Lodge.—Princess Alexandra Lodge No. 13, Daughters and Maids of England, will hold a sale of fancy work, home cooking and various other articles suitable for Christmas presents, on Wednesday at the Orange Hall, Courtney Street, at 2.30 p. m. In the evening a military five hundred will be held at 8.30, when handsome prizes will be given. District Deputy Sister Wilson will open the sale of work.

Seventh Battalion to Dine.—Members of the 7th Battalion will hold a reunion in the Dominion Hotel on Tuesday evening next at 7.30 o'clock. A most interesting time is planned. Brig.-Gen. Victor Odium and Lieut.-Col. Gibson, both of whom were former commanding officers of the "Fighting Seventh," will come over from Vancouver to participate in the reunion. It is expected that as a result of the gathering an association will be formed.

Found, the ideal Christmas gift. A portrait from the Photomicro Studio, 626 Yates Street (Moody Bldg.).

French Ivory

Our holiday stock of these beautiful toilet and manure articles has arrived and is more complete than ever this year. You are invited to inspect our display, which we guarantee to be of the best quality and reasonably priced.

A small deposit will hold your purchases until wanted.

WANTS PROVINCE TO TAKE OVER POLICE

Mayor of Alberni Says Outlying Municipalities Are Over-Policed

Because there is so little crime in the small cities and municipalities of the Island, with the result that the police have practically nothing to do, Mayor Huff, of Alberni, told the commission on municipal finances at the Parliament Buildings yesterday afternoon that the Provincial Government should take over the police duties entirely, and save money for all concerned.

"I have been Mayor of Alberni since the early part of this year," said Mayor Huff, "and we have not had a case in police court since I have been there. I don't see any sense in two policemen from two departments tramping through our town when there is not work enough for one to do."

Mayor Huff also urged a graduated scale for motor car licences according to the size of the car and heavier licences imposed on trucks. He suggested a tax of one cent a gallon on gasoline.

Main Road Costs High.

"From these sources the Government could get revenue to reimburse it for the assistance it would give to outlying districts," he said. "If the licences from automobiles were given to the municipalities we would not get very much towards relieving our wants, especially in the smaller towns and cities. The same is true of personal property taxes in outlying municipalities."

"The main roads through our part of the district are used more by tourist traffic up the Island more than we do ourselves. The burden of this falls on the smaller municipalities which have to neglect their side streets to keep up the main thoroughfares for visitors."

Poll Tax For Non-Taxpayers. Councillor E. W. Carr-Hilton, of North Cowichan, said that his municipality, covering 35,000 acres, had 8,000 taxpayers and not a heavy debt. He favored taxes from motor licences, and gun licences, being handed over to the municipality.

"A five dollar poll tax should be imposed on all non-taxpayers, especially for schools," he said. "I don't believe in burdening the residents more than they are now."

James Greig, city clerk of Duncan, said that a tax on gasoline might be considered as a tax on industry as so many industrial machines are now run on motor engines.

Premier Oliver thought that most industrial engines now used distillate instead of gasoline.

Wants to Know Actual Wealth.

"What we want to know is what the wealth within the boundaries of the municipalities is," said J. J. Shalcross. "We know the value of the land and the buildings so far as the assessor has carried out the law. But the municipalities ought to possess been suggested that these rentals within their boundaries as it has been suggested that these rental should be taxed. We ought to know what is the income of all people within each municipal boundary."

F. A. McDiarmid, solicitor for the B. C. Union of Municipalities, suggested that additional information might be secured for the sessions of the commission in Vancouver next week.

Municipal Personal Wealth.

"Compliance on the part of the Government to the transfer from the Provincial Government of certain revenues to the municipalities would leave the Provincial Government revenue short," he said. "I understand we are invited to suggest something that would recoup anything we might take from the Province. We know the landed wealth of this Province, but we have no information as to the value of the personal wealth. The Government should give us a statement of the income tax in each municipality, and also personal property returns. We might then make suggestions to the Government that would make it possible substantially to increase that revenue."

Mr. McDiarmid said that the actual revenue returns of the industrial concerns of the Province should be in the records of the Workmen's Compensation Board.

Premier Oliver replied that the Board only had record of the salaries paid by concerns. He also said that personal property in the Government's records is not segregated by municipalities.

The Hon. John Hart pointed out that it would be a great labor to segregate these returns by municipalities. He said it could be done, but would take months, and could not be prepared in any case for this commission.

A Smooth White Skin That Defies Weather

During the coming months of biting winds and intense cold, you who would keep your skin smooth, white and velvety, should turn your attention to mercurized wax. Nothing else will so effectively remove a chapped, roughened or discolored surface. By gradually absorbing the weather-beaten outside, the complexion is kept in perfect condition, and even the beauty of expression appears more pronounced.

If your skin is blotchy, pimply, freckled, or even yellow or over-red, why not shed it? One ounce of ordinary mercurized wax, to be had at any drug-gist's, will completely transform the most unsightly complexion in less than a fortnight. Use the wax nightly, like cold cream, washing it off mornings.

To remove ink stains from a carpet or tablecloth, sprinkle immediately with salt; allow this to soak the ink up, then brush off and apply more salt.
